

Resources from Inter-regional Technical Workshop on Tools and Measures to Inform Inclusive Green Economy Policies

**Nairobi, Kenya - UN Complex
2-4 July 2013**

Supported by the Netherlands and the European Commission

A “Technical Workshop on Tools and Measures to Inform Inclusive Green Economy Policies” was held in Nairobi, Kenya from 2-4 July. The Workshop provided a forum for over 100 officials and experts from 25 countries with a majority from Africa representing ministries of finance, planning, and environment, and civil society, as well as UN agencies and multi- and bilateral development partners, including the WB, AfDB, GIZ, DANIDA, the Green Growth Best Practices Initiative and Green Economy Coalition.

Participants shared experiences on implementing inclusive, green economy approaches as a means for reducing poverty and ensuring more equitable sustainable development. With sound planning and policies, inclusive green economies can be created in ways that limit potential harm for groups or sectors while boosting growth, reducing inequalities and promoting social well-being.

Participants assessed integrated assessment and modeling tools (e.g. Strategic Environmental Assessment, Poverty Social Impact Analysis, Computable General Equilibrium models, Systems Dynamic modeling, Cost Benefit Analysis), environmental fiscal reforms, and measurement frameworks (e.g. System of Environmental and Economic Accounting, Wealth Accounting and Valuation of Ecosystem Services, Multi-dimensional Poverty Index). The workshop also helped identify how the UN system and partners can better respond to country demand to implement inclusive green economy approaches.

This technical workshop is one of a series of regional and global events co-organised through the [UNEP-DESA-UNDP Green Economy Joint Programme](#) with the support of the Netherlands and European Commission. The Joint Programme works at the global, regional, and national level to: 1) enhance political engagement and mobilize public support for post-Rio implementation; and 2) build capacities and strengthen advisory services on inclusive green economy policies, tools and measures.

Workshop activities were informed by and feed into the Green Growth Knowledge Platform (www.ggkp.org) as well as the work of the UNDP-UNEP Poverty Environment Initiative.

The following Workshop resources are available. French versions will be uploaded as available:

- [Concept Note \(in French\)](#), [Agenda \(in French\)](#), and [Participants](#)

- **Presentations:**

Context setting: from Global to National and Back

Global perspective: Shantanu Mukherjee, UNDP

Regional perspective: Isatou Gaye, UNECA

Overview of Inclusive Green Economy Tools, Measures, and Initiatives:

[Usman Iftikhar, UNDP](#)

Andrea Bassi, UNEP

Long-term planning tools and models: synergies and trade-offs

[Hans Herren, Millennium Institute](#)

[Charles Mutai, Ministry of Environment, Kenya, T-21](#)

[Eduardo Zepeda, DESA, CGE](#)

[Rasmane Ouedraogo, Burkina Faso: Cost Benefit Analysis](#)

Environmental fiscal reform: Removing barriers, creating incentives, addressing social trade-offs

[Joy Kim, UNEP](#)

[Benedict Clements, IMF](#)

[David Smith, PEI on Mozambique expenditure review](#)

Edward Awafo, Ghana on fuel subsidies

Inclusive Green Economy Approaches: National Implementation

[Faizul Islam, Ministry of Planning, Bangladesh](#)

[Mokshanand Dowarkasing, Cabinet of the Prime Minister, Mauritius](#)

Wondwossen Sintayehu, Ethiopian Environmental Protection Agency

Integrated social, economic and environmental assessments

[Eduardo Zepeda, DESA, MAMs](#)

[Kamal Gueye, ILO](#)

[David Smith, PEI](#)

Measurement Frameworks:

Going Beyond GDP to Include Social and Environmental Dimensions

System of Environmental-Economic Accounting (SEEA) and WAVES

[Anthony Dvaskas, UNSD, SEEA](#)

[John Matuszak, World Bank, WAVES](#)

Green Indicators and Indices

[Andrea Bassi, UNEP](#)

[Shantanu Mukherjee, UNDP, Multi-dimensional Poverty Indicators](#)

[Amath Pate Sene, UNDP-UNEP PEI Results-Frameworks](#)

[Break-out Working Group Presentations](#)

[Modeling Tools](#)

[Integrated Assessments](#)

[Fiscal Reform](#)

Measuring Frameworks
