SITUATION UPDATE

There have been no significant changes in the context in which the Joint Programme on Enablers is being implemented since the last quarter of 2015. Security, risk management and coordination requirements continue to be high, in light of the highly volatile and complex operating environment. During the reporting period, operational challenges requiring enabling support have included, *inter alia*, the organization of the SDRF meetings in Mogadishu, a series of high profile VIP visits in Somalia, on-going negotiations over the SPU in Somaliland and Puntland, on-going renovations of the Conoco Airstrip and preparations for the electoral process.

QUARTERLY PROGRESS REPORT RESULTS MATRIX

OUTCOME STATEMENT

Coordinated, transparent and safe delivery of International assistance throughout Somalia.

SUB-OUTCOME 1 STATEMENT

N/A

UNDSS

Output 1: Security Aircraft capacity maintained

INDICATOR	TARGET	PROGRESS ON OUTPUT INDICATOR[2]	
		THIS QUARTER	CUMULATIVE
Security aircraft is able to respond to urgent security needs or to assess newly recovered areas	Capacity maintained	Capacity maintained (within current requirements, which will require upgrades in 2016)	Capacity maintained (within current requirements, which will require upgrades in 2016)

Output 2: Medical Emergency Response Team capacitated

# of teams providing MERT coverage in Somalia	MERT team established in Dolow	MERT team established in Dolow, with limited operational capacity (accommodation/office space)	MERT team established in Dolow, with limited operational capacity (accommodation/office space)

Output 3: Enhanced protected security

Armored vehicles available to enable transport of staff	4-6 vehicles are replaced with new armored vehicles	N/A	3 vehicles replaced

Output 4: Airport road security (NISA project)

---

[2] Fill in only the numbers or yes/no; no explanations to be given here.

Airport road security	NISA security apparatus on airport road maintained	NISA security apparatus on airport road maintained	NISA security apparatus on airport road maintained

RCO			
Output 1: Ensure the effective implementation of the ISF & New Deal Somali Compact			
Increased volume of funds through the o UN MPTF	5 Joint Programmes funded by the UNMPTF; $50 million capitalization; 25% of UN development funding through the UN MPTF (**for all of 2016**)	Two Joint Programmes developed and endorsed (Social Protection, and Refugee Return and Reintegration)); $24.4 million additional donor resources committed to the UN MPTF	13 Joint Programmes funded by the UN MPTF; $166.4 million committed; 25% of UN development funding through the UN MPTF (tbc)
Increased support to implementation of Compact and ISF events	Conclusion of the ISF and achievement of 90% of the milestones (**for all of 2016**)	ISF monitoring halted; Common Country Analytical Exercise developed, and ISF review completed	The ISF monitoring completed in February 2016 showed that, 32 milestones are on-track (60%), 12 milestones are (23%) off-track and 9 milestones (58%) delayed.
Output 2: Improve the coherence and impact of the UN system in Somalia			
Support to UN Joint Programming sustained	6 Joint Programmes under implementation; RCO consolidation of reporting to MPTF (**for all of 2016**)	Two Joint Programmes developed and endorsed (Social Protection, and Refugee Return and Reintegration)	14 Joint Programmes under implementation; Quarterly reporting system and capacities in place
Number of common analytical products	3 UNCT analytical pieces developed that support UN system programming **(for all of 2016)**	one research piece on stabilization related communication on-going	Three (3) UNCT analytical pieces developed (Civil Society engagement, Common Country Analytical Exercise; Cost of Delivery)
Level of UN system wide integration (Low, Medium, High)	2016: High - ISF (or UNDAF) revised, and new UN plan developed between mission and UNCT	Common Country Analytical Exercise developed, and ISF review completed (for conclusion in	Common Country Analytical Exercise developed, and ISF review completed

		Q3); UN system wide strategic assessment initiated	
Output 3: Support effective international engagement in Somalia			
Effective UN-Donor forums sustained	2016: DPF carried out in accordance with 2015 feedback (it may be part of government-led meetings)	DPF forum discontinued	DPF forum discontinued
Increased support to donor engagement across Somalia	2016: Quarterly RC briefings; local donor briefings and mission support upon request	Monthly MPTF donor briefings held; donor missions and requests supported;	Monthly donor briefings held; donor missions and requests supported; Supported donor/international community engagement on HLPF; Supported international participation in HALCF in Somaliland; Supported UN Security Council visit
Output 4: Effective programme management			
Increased RCO donor outreach and reporting	2016: 3 donor briefings/presentation on results, activities and budget; 100% on time donor reporting	1 DRSG/RC/HC donor briefing to ICCG (September) and RCO participation in SDG); MPTF Q2 report issued on time (31 July 2016)	2 DSRSG/RC/HC donor briefing; 1 donor briefing to SDG on Enabler programme and Cost of Delivery held in March; Quarterly reports issued on time; monthly donor briefings organized
RMU			
Output 1: Enhanced collective risk management approaches			
Number of collective tools agreed and used by the UNCT	2016: two (2) additional risk management tools agreed by the UNCT	N/A	One (1) Internal Investigation Information sharing protocol for UN developed (not endorsed yet)
Number of collective tools agreed and used between UN, NGOs, and donors	2016: Two risk management tools approved by Multi-Party Risk Forum	N/A	Two (2) Risk Management Manual developed and endorsed for NGOs

			(English & Somali; One (1) Report/ research paper developed – 'Money Transfer Operators & Somalia: Risks, Challenges & lessons learnt'
Output 2: Increased information sharing, both within the UN and between the UN, government donors, and NGO			
Increase in contract value in CIMS (internal to UN)	2016: $4 billion	$$179,606.81 added during the reporting period	$4.38 billion
Number of NGO, donor, or gov request to RMU	2016: Ten requests for technical assistance with RMU feedback	5 requests received (UN donors) and addressed	26 requests received (10 UN agencies; 8 International NGOs; 3 Government) received and addressed
Output 3: Organizational risk management capabilities strengthened			
Number of Risk Assessments completed annually	2016:20	Two (2) Partner risk assessments completed	14 risk assessments completed
Number of training services provided to UN agencies, NGOs, and/or government counterparts	2016: 50 on-line trainings completed; 2 in-class trainings delivered	36 on-line registrations; 22[3] completions; One (1) in class training	345 [4] on-line registrations; 143 completions; Two (2) in class trainings
Integrated Risk analysis products delivered	2016: 3 delivered for SMG	N/A	2 Integrated Risk Analysis Report completed
Number of monitoring services provided to UN agencies	2016: 10 monitoring missions	Service discontinued temporarily (restructuring)	6 monitoring missions
UN MPTF Risk Management strategy implemented	2016: UN-WB-Government-Donor Trust Fund risk meetings; risk management dashboard operational; UN MPTF risk management input into MPTF annual report	2 RMG meetings during the reporting period (bi-monthly). During Q3 three new risks assessed and one assessment updated (August 2016). UN MPTF risk management input provided to MPTF	6 RMG meetings in 2016; risk management dashboard operational; UN MPTF risk management input provided to MPTF annual and quarterly report; six new risks have been assessed

---

[3] This includes all students who might have registered in previous periods but completed in current quarter.

[4] The total is (125+97), the previous report indicates 123 for Q1, the difference is caused by the lag in activating students. i.e. The student was created in Q1 but given access in Q2.

		quarterly reports. Findings & recommendations from MPTF inter-programme risk analysis completed and presented to MPTF donor briefing, Direct contribution provided to the partner risk management and engagement plan prior to engagement of PUNOs with project partners. SDRF Briefing on MPTF risks endorsed by the RMG and presented to SDRF in October 2016	(two April, one in June and three in August); Risk update/analysis calendar has been endorsed by the RMG in June. Findings from MPTF risk analysis presented (document completed) during the third quarter 2016. MPTF inter-programme risk analysis completed and presented to MPTF RMG meeting in August 2016, MPTF donor briefing in August and joint programmes in September. SDRF briefing on the MPTF risks endorsed by the RMG in August and presented and endorsed by SDRF in October.
Output 4: Enhanced engagement for collective risk management solutions			
Frequency of RWG meetings	2016: 8	One (1) meeting convened (June) ;	Regular meetings re-established – now bimonthly; Two (2) meeting convened ; Three (3) virtual meetingsmeetings
Frequency of Multi-party Forum meetings	2016: 6	1 meeting	3 meetings completed
CIMS development	2016: tbd	Launch of the new CIMS, with Capacity Assessment sharing tool	Two (2) database multi-party–information sharing meeting held ; CIMS United Nations Security Council Resolutions tool upgraded with 1026 entities ; 2015 Somalia Eritrea Monitoring Group Data uploaded; Investigations

			Summary tool developed; Multi-ratings functionality implemented; 1 data sharing meeting held (integrated into the MPRWG forum)
Increased communication/outreach initiatives	2016: three NGO outreach events	Sensitization sessions with Education Cluster, Food Security Cluster and Health Cluster leadership on the RMU and its role in strengthening NGO Risk Management capacity 1 Bi-monthly meeting held with NGO Country Directors for information sharing	Five (5)
Output 5: Effective programme management			
Completion rate of Project Board recommendations	2016: 100%, including project review completed by September 2016	N/A	N/A
Number of Project Board meetings	2016: 2	0	0
Project Expenditure rate	2016: 90%	14.53% (current expenditure/overall UNOPS budget)	43.16% (cumulative expenditure/overall UNOPS budget)
UN Women			
Output 1: Side event organized at the High Level Partnership Forum in Istanbul in February 2015 with the view to ensuring donor commitments to UNSCR1325 on Women, Peace and Security and its subsequent resolutions			
Level of commitment of donors and Somali government to WPS in side event report	Side event organized, commitments reflected in side event report	N/A	Achieved
Output 2: Strategic monitoring and results framework established at PSG, MPTF and country level output level on WPS			
Availability of M&ER support staff to PSG and MPTF M&E	One staff in place	N/A	One staff in place
WPS elements reflected in PSG and MPTF M&E	Indicators in PSG and UN MPTF M&E	Specific section on	Initial discussion on

framework	framework developed and reported	gender included in the NDP. Clear targets and milestones responding to the SDGs included. Indicators for MPTF improved (three specific on gender). UN Gender Strategy (an accountability framework) completed. Letter of Agreement with ACU for PSG/Pillar WG accountability in addressing gender completed.	M&E framework for NDP conducted resulting in a sharp and concise section (4 pages) on gender including targets and milestones. JPs can now report on specific gender indicators. Accountability framework for the UN completed, to be approved by the SMG in Q4. LOA agreed to, will be approved for implementation in October.
Output 3: Establishment of a national platform for coordination on WPS supported			
Availability of an operational platform	One platform operational and addressing WPS	New approach agreed to: initial 18 months' analytical phase followed by an informed design process.	Not yet achieved. Draft JP doc completed. Pipeline document for SDRF completed. Agreed with PSG2 co-chair to start pipelining in November as springboard to the Pillar WG on justice and security.
Output 4: Support to the establishment of data collection and analytical capacity on gender issues within the Somali government institutions, resulting in the issuing of the State of the Somali Women and Men Report.			
Availability of State of Somali Women and Men Report	One flagship report issued by a relevant Somali institution	Consultant identified after delays caused by 3 rounds of advertisement and two unsuccessful interview rounds	In progress, not yet achieved. The option paper need to be concluded (funded by UN-WB Trust Fund before the actual capacity development program can start, to be co-funded by JP Enablers
Output 5: Revision of existing analytical work on the political economy of access to justice to include gender equality considerations and perspectives.			
Availability of report	one report disseminated on the political economy of	Briefing note of women's access to	Achieved. Research report available to

	women's access to justice	justice and security finalized. Company selected for 2nd round of research on women's access to justice and security. Company selected for research on women and agency. Analytical work on CVE in Somalia and the region advertised.	HLPF 2016; briefing paper available September 2016 (both co-funded with Sweden); second phase of research on access to justice and security initiated (co-funded with JP ROLS); analytical work on CVE advertised.

NARRATIVE

UNDSS

With UN MPTF support, UNDSS was able to maintain Medical Emergency Teams across Somalia, including in Dolow, where a number of UN agencies and international staff operate, and to secure replacements for security vehicles. MERT equipment and supplies including medicine been have procured. On-going payments for the Airport Road security arrangements (through NISA) continued, with few security related incidents reported in the area throughout the reporting period, including during the high-risk Ramadan period. Surge Officer has reinforced the capacity of the DSS team to deliver on crucial mandate.

RCO

The RCO (with the UNSOM New Deal team) continued to provide support to the SDRF monthly meetings in Mogadishu and provided policy and technical assistance to MoPIC, the Office of the DPM and the ACU in the NDP process, including discussions on the design of a new Mutual Accountability Framework.

The RCO also coordinated the UN (including UNSOM) engagement in the NDP process, organising a series of FGS-UN roundtables and consolidating strategic level feedback to successive drafts of the NDP.. The feedback included a strong focus on Youth, with the RCO Youth Advisor providing in-depth reviews of the NDP to ensure adequate youth mainstreaming. The UN's Youth agenda also included follow up on the implementation of the UN Youth strategy and renewed advocacy with the Ministry of Youth to finalize its Youth Policy on the basis of genuine consultations.

The RCO led the design of new programmes funded by the PBF. These programmes (in ISWA and Jubbaland) apply the CRESTA approach, by combining local community recovery interventions with support to governance mechanisms, and the use of the UN National Window.

A new strategic initiative to increase support to People with Disabilities was launched, with initial consultations across Somalia highlighting the relevance of the issue, and the need for the UN to spearhead a multi-stakeholder effort at policy, advocacy, legal and programming levels.

The RCO continued to coordinate a comprehensive socio-economic integration response to the Dadaab issue,

and the need to support IDPs, returnees, host communities and host authorities

In Somaliland, the RCO coordinated the development and submission of a 'Offer of Support' to the authorities on the type and depth of support that the UN can provide for the drafting of the Somaliland Development Plan.

Finally, the RCO continued to perform its MPTF Secretariat functions, with the release of the Q2 report, the Newsletter, and the convening of monthly donor briefings. With support from UN Women and the Senior Gender Advisor, the RCO developed new Gender indicators for the Joint Programmes and the MPTF (reported on as of 31 October 2016)

RMU

Over the reporting period, *the RMU completed its restructuring* by securing funding for its fiscal year (Sep 2016-August 2017), including through UNCT cost sharing, and discontinuing two posts (International Monitoring and Communications Officer posts), while adding one National Monitoring Officer post.

A new Contractor Information Management System (CIMS) was launched with a cleaner, more vibrant look and feel, with enhanced functionality. This new CIMS includes charts and graphs that make it more visually appealing and easier to access and interpret information. It also includes a Capacity Assessment tool allows agencies to upload and share their capacity assessments and a Multi-*Rating Tool* to allow agencies to provide informal performance ratings on a partner, without the need to share confidential information.

As part of the implementation of the National Window, the RMU, with the RCO, delivered an intensive 5-day training to the PIU in the Ministry of Finance and other government officials (risk management, national procurement, communications, project management, monitoring & evaluation, do no harm and audit) and continued its work on implementing the $2 million of PBF resources through national systems.

In August, the RMU presented its *second integrated risk profile* to the UN senior leadership, highlighting system wide risks related to strategic initiatives, donor trends, Somali ID processes, and operational matters. The RMU, in partnership with UNSOM's analytical team, also produced reports on Renewable Energy/Electricity and the Telecommunication sectors, highlighting risks and opportunities for the UN to engage in each sector.

In July, the RMU delivered an *in-class training* to the Food Security cluster in Mogadishu (UNCC). Risk Management training was also provided to government partners engaged in the implementation of JP Rule of Law.

Finally, the RMU with the WB, Sweden, DFID. EC and the ACU continued to monitor *risks to the SDRF* and to implement treatment measures. In this quarter, risks analyzed and treated included Fund Administrator collaboration, PFM, and security costs. The RMU also worked with several of the MPTF Joint Programmes to strengthen their own risk management procedures and approaches.

UN Women

During the reporting period, UN Women delivered a sharp and concise chapter on gender in the NDP including targets and milestones. This work included extensive lobbying and negotiations with the Ministry of Planning and the Ministry of Women and Human Rights Development to agree on specific texts.

Three specific gender indicators for monitoring investments targeting gender issues for all MPTF Joint Programmes were agreed to.

UN Women financed, led and coordinated the work of the Gender Theme Group to complete the UN Gender Strategy. This strategy is unique in its kind by not addressing thematic areas but rather it serves as an accountability framework for the UN AFPs and UNSOM to respond to the NDP and the UN Strategic Framework (UNSF). UN Women has also finalized negotiations of an agreement with the Aid Coordination Unit to develop a strategy for ensuring that pipelined projects for MPTF addresses gender and adhere to the 15% funding target.

The new Joint Programme on Human Rights Women and Security will be pipelined by November, a bit delayed as the strategic approach was altered to ensure an initial 18-month period (February 2017- July 2018) of analytical work to inform further programming (four year programme 2018-2021). Links made to the Comprehensive Approach to Security to ensure coherence. The second stage of the research on women's access to justice and security has started, and will be co-funded by JP Enablers given that one of its outputs will be to provide background material for HLPF 2017. JP Enablers initiated this work early in the year to inform HLPF 2016, and led to the endorsement by the FGS and the donor community of increased focus on WPS. This is now reflected in the NDP. More targeted analytical work on women and violent extremism was advertised during Q3, looking at it in a regional perspective. Further to this, during this reporting period we initiated two pieces of analytical work on FGM, which will also form background for the work on human rights, women and security agenda. The first initiative is intergenerational dialogues on FGM with a conference planned for December in Hargeisa and in February 2017 in Addis, and the second reviewing FGM in the context of international criminal law and international conventions, leading to a side event at the CSW 2017 in New York.

Recruitment for the State of Somali Women and Men option paper continued to experience delays due to challenges of recruiting qualified analysts (3 unsuccessful rounds) however, a candidate is identified allowing the work to start during Q4. It is important to note that the UN-WB Trust Fund finances the first phase of this work resulting in an options paper on how to enhance capacity in Somali institution to collect and analyze data. It was always the intention that the JP Enablers was to co-finance the *second phase*, i.e. the actual establishment of these reports and capacity development within Somali institutions. Delays in the first phase has therefore led to delays in the second phase.

Other Key Achievements: N/A

Challenges (incl: Delays or Deviations) and Lessons Learnt:

While the Joint Programme on Enablers has received generous funding from donors through the MPTF and beyond, the value and actual costs of enabling services remain insufficiently understood by a number of actors. The Joint Programme will intensify its efforts to communicate the outputs and the impact of its services in allowing UNSOM, the UNCT and partners to operate in a safe, coherent and risk informed manner.

In particular, the Joint Programme on Enablers proves to be an important vehicle to drive strategic and analytical work and allows UN Women to play a value added role across all UN interventions, and also help strengthen UN Women's own programming. For example, findings resulted from the study on women's access to justice and security allowed for a significant public diplomacy event (HLPF) but it also helped informed rule of law programming, as evident in the new 2017 JP ROLS work plan. Denmark's support to the Joint Programme combined with the core support from Sweden has significantly helped mainstream gender. Going forward, the Joint Programme will fund all of UN Women's strategic work. An Additional 1.3 million USD is available from

Sweden as soft pledge, which will lead to an expansion in outputs during Q4 and next year. The Joint Programme on Enablers is therefore a model that may be replicated in other countries as a strategic way to mainstream gender,

Peacebuilding impact N/A

Gender

	5	5
Proportion of Joint Programme staff with responsibility for gender issues[6] (for UN Women only)	Total no. of Staff	Total no. of staff with responsibility for gender issues
	5	5

Communications & Visibility:

During the reporting period, the RCO developed communication material related to the Cost of Delivery in Somalia. Through infographics and a short video, the material emphasizes the various costs of enabling services, including security and risk management that are required for the UN and partners to operate across Somalia.

In addition, the RCO continued to issue a number of communication products, including the quarterly MPTF newsletter (August 2016), the UNCT website with Joint Programme achievements and social media announcements, that highlight the contribution of donors to the MPTF and to Somalia's priorities.

The UN Women segment includes a photo and video session completed in Somaliland, in preparation for the FGM conference in Hargeisa in December, the FGM conference in Addis in February, and for side event at CSW 2017 and HLPF 2017

Looking ahead

UNDSS

N/A

RCO

In the coming months, the RCO will coordinate the design of a provisional UN Strategic Framework and the UN's engagement with both the FGS and donors on areas of UN support that could be channeled through the UN MPTF. A strategic dialogue on the place and added value of the MPTF will be accelerated.

As the central unit in the Integrated Office of the DSRSG/RC/HC, the RCO will also continue to support a number

---

[5] Gender Specific Outputs are those that are specifically designed to directly and explicitly contribute to the promotion of Gender Equality and Women's Empowerment.

[6] Staff members are those contracted to undertaken work for the Joint Programme including full time staff, consultants, advisors, interns, etc. Staff members with responsibility for gender issues are those who have gender related activities included in their Terms of Reference.

of key strategic initiatives, namely: CRESTA, Food Security, Youth, Durable Solutions, and Disabilities.

The RCO will furthermore continue its support to the FGS and Regional States, in close collaboration with NGOs to develop a road map towards a harmonized regulatory framework for NGOs in Somalia

The RCO will also complete a research piece on stabilisation related strategic communications.

Finally, the RCO will now initiate the implementation of the $13million investment from the Peacebuilding Fund.

As part of its MPTF secretariat functions, the RCO will look to further improve the MPTF's Human Rights and Conflict Sensitivity indicators (following a similar effort on Gender in Q3).

RMU

Over the next quarter, the RMU will revise its in-class training module and inaugurate a more tailored version with a Cluster based training (location to be determined).

The RMU will also support a collective exercise, with DOCO support, to explore how capacity assessments is applied in Somalia and how various approaches can be harmonized for greater due diligence and lower transaction costs.

A three -tier response (public lines, a collective management response, and an action plan for specific recommendations) to the upcoming report by Transparency International will be designed and implemented. Finally, a number of partner risk assessments are scheduled.

UN Women

It is envisaged that: (i) the UN Senior Management Group (SMG) will approve the UN Gender Strategy and based on this a BBL will be organized (November); (ii) FGM conference will take place in Hargeisa called 'Intergenerational Dialogues' (4 December); (iii) a briefing paper on 'Gender and the Spoiler Economy in Somalia' will be issued.
