Key Achievements (*please use this section to highlight project inputs and key achievements for the month, using bullet points or Infographics if preferred*)

As part of the implementation of projects in the communities, the following activities are in progress:

Crête Brûlée:

-Finally, the construction of the market has ended;

- The inauguration took place on November 15, 2018 and the keys were given to the community (Local Authorities and the Community Platform)

- The project should provide assistance to the community in building market space management capacity

Sarazin:

- Work completion: about 95%. It remains to finalize the painting and some small works to carry out

- Delivery of work in December;

- CAEPA is still not formed;

- The hypochlorer is still not installed.

Gascogne :

- Work completion: around 25%.

Grand Boucan:

- Call for offers made on November 29, 2018 by UNDP Procurement unit;
- Studies in progress for the construction of the SAEP Pranno waterfall.

---

[1] The date project funds were first transferred.

Downtown:
- Two projects are identified and are being evaluated:
1) Construction of a road
2) Protection of a road
Partnership with the OREPA-Centre
- Not easy to work with OREPA

Risk
-The project is likely to become more and more political as each community entity wishes to take advantage of it;
- Mobilization of the BAI in Mirebalais: Gathering, walking, commemoration day;

Difficulties
- The socio-political crisis in the country hinders activities on the ground.
-The rainy season makes the interventions more complicated on the ground.
-At Sarazin the materials are transported either with men's arms or animal backs.
