

Project Title:
Improving quality and effective management of GBV mitigation and response services, particularly Mental Health and Psychosocial Support, and training of armed actors in Iraq

Goal: Strengthening the capacity of local institutions and organizations in dealing with GBV issues and to ensure quality and sustainability in service provision

- LOGFRAME -

	Project Summary	Indicators**	Verification Method	Risks & Assumptions
<u>Outcome 1</u>	Availability, accessibility and quality of MHPSS services for GBV survivors strengthened (Contribute to UNA Outcome 1.1: <i>Increased knowledge, technical expertise and/or advocacy capacity of targeted stakeholders to respond to CRSV and protect survivors and at-risk groups</i>)	Description: Improve the knowledge of Specialized and Non specialized service providers of governmental and local organization providing GVB services. Baseline: 0 Target: 200		

<p>Output 1.1</p>	<p>Improved capacity of the service providers to provide quality and comprehensive mental health and psychosocial services with a focus on most vulnerable women and girls.</p>	<p>Description: Improve the capacity of service providers through training and coaching</p> <p>Number of people trained: Baseline: 0 Target: 200</p>	<p>Training reports Pre/Post tests Coaching and supervision reports Evaluation report</p>	
<p>Activities</p>	<ul style="list-style-type: none"> • Deployment of an international MHPSS Specialist to conduct specific capacity building and coaching activities (6 months) • MHPSS Training to existing Psychiatrists and new identified ones • MHPSS Coaching to trained staff • Establishing community based support structures • Assessment of current case management practices • Support MoH in conducting a comprehensive National evaluation with respect to integration of mental health services into primary health care service (To be re-evaluated after discussing with MoH in September 2019) 	<p>Description: Provision of expert capacity building and strengthening to targeted service providers dealing with survivors of GBV, including CRSV survivors; via below indicators:</p> <ul style="list-style-type: none"> - Number of service providers received training on MHPSS <p>Baseline: 0 Target: 20</p> <ul style="list-style-type: none"> - Number of service providers received coaching on MHPSS <p>Baseline: 0 Target: 20</p>	<p>MHPSS Survey Trainings Reports of the trainings</p>	<p>Making sure that MoH management and other Ministries are fully on board and deploy human resources in cascading training and interventions</p> <p>Initial/Baseline knowledge is low, so lot of effort has to be put in MHPSS-related activities</p> <p>Involvement of local organisations will also be key in strengthening the MHPSS professional network in Iraq</p>

		<ul style="list-style-type: none"> - Number of community-based support structures established Baseline: 0 Target: 10 - Completion of the evaluation of MHPSS services at PHCs Baseline: 0 Target: 1 		
Output 1.2	<p>Targeted stakeholder groups trained and/or employing knowledge products, advocacy tools and/or resources developed through UNA support, per focus country</p> <p>(Contribute to UNA Output 3.1: <i>Stakeholder groups trained and/or employing knowledge products, advocacy tools and/or resources developed through UNA support, per focus country</i>)</p>	<p>Description: Types of stakeholder trained on MHPSS services: Local organisations, governmental workers, INGOs, UN agencies.</p> <p>Baseline: 0 Target: 4 types of stakeholders</p>	Participants List and background	
Activities	<ul style="list-style-type: none"> • Assessment of targeted stakeholders' knowledge and skills through a baseline and end of project survey 	<p>Assessment of stakeholders' knowledge and skills in MHPSS. Baseline:0</p>	<p>Survey Trainings Evaluations and Pre and post-test. End of training survey</p>	

	<ul style="list-style-type: none"> • Organisation of training and coaching sessions for the targeted stakeholders 	<p>Target: 200</p> <p>Number of the stakeholders receiving one coaching session through field visit directly from the consultant.</p> <p>Baseline: 0 Target: 10</p>	<p>One month after the training Survey Coaching report</p>	
Output 1.3	<p>Service providers who attended the MHPSS training, implement the knowledge in the mental health and psychosocial services with a focus on most vulnerable women and girls.</p>	<p>Description: Number of service providers report quality improvement in the MHPSS services</p> <p>Baseline: 0 Target: 50</p>		
Activities	<ul style="list-style-type: none"> • Submission of Pre/post-test for each training topic • Evaluation form filled after each training • Developing of MHPSS best practice tool. • Assessment of the improvement of the quality of services provided by the training participants through post training MHPSS best practice tool. 	<p>Description: Improvement of the participants' skills and knowledge measured through comparing the pre-training knowledge to post-training knowledge through pre& post-test, via below indicators:</p> <p>-Pre/post-test filled after the training</p> <p>Baseline: 0 Target: 400 (4*20 *5)</p>	<p>Pre-post tests Evaluations</p> <p>Best practice tool.</p>	

		<p>Target is 80% improvements in the post tests</p> <p>- Evaluations are conducted after each training</p> <p>Baseline:0 Target: 400 (4*20*5)</p> <p>Target is 80% positive feedback in the evaluations.</p> <p>Development of MHPSS best practice tool in progress Baseline: No Target: Yes</p>		
Outcome 2	<p>Culture of protection, including GBV prevention and response, institutionalized in the Iraqi security structure</p> <p>(Contribute to UNA Outcome 1.1: <i>Increased knowledge, technical expertise and/or advocacy capacity of targeted stakeholders to respond to CRSV and protect survivors and at-risk groups</i>)</p>	<p>Description: Increased knowledge, technical expertise and/or advocacy capacity of targeted stakeholders to respond to CRSV and protect survivors and at-risk groups.</p> <p>Baseline: no Target: yes</p>	<p>Training with pre and post-tests, coaching and supervision Review of the codes of conduct</p>	<p>Making sure that all relevant Ministries are fully on board and deploy human resources in cascading training and interventions</p>

		<p>The code of conduct of the targeted armed and unformed actors is updated with the gender and GBV-related components</p> <p>Baseline: no Target: yes</p>		
Output 2.1	<p>Improved knowledge and capacity of armed actors in terms of GBV prevention and response, in particular in relation to conflict-related sexual violence</p> <p>(Contribute to UNA Output 3.1: <i>Stakeholder groups trained and/or employing knowledge products, advocacy tools and/or resources developed through UNA support, per focus country</i>)</p>	<p>Description: Conduct meetings with relevant counterparts, conduct stakeholders meeting to assess the progress through feedback from trainers and management of armed actors</p> <p>Baseline: 0 Target: 1 evaluation meeting per quarter per entity (Peshmerga, FPU and Coalition/Iraqi Security Forces)</p>	<p>Coordination meeting with different stakeholders</p> <p>Training reports Pre/post tests IEC materials distribution plan</p>	<p>Making sure that all relevant Ministries are fully on board and deploy human resources in cascading training and interventions</p>
Activities	<ul style="list-style-type: none"> Develop and integrate into curriculum of organized forces (Peshmergas, Iraqi Security Forces, Police, etc.), utilising training modules developed in 2018 with KHRW and the 	<p>Description: Development of one curriculum focusing on Gender/GBV for Peshmergas, coalition unit and Iraqi Uniformed actors</p>	<p>Curriculum development</p> <p>Training reports</p>	<p>Making sure that all relevant Ministries are fully on board and deploy human resources in cascading training and interventions</p>

	<p>Coalition Forces Protection Unit in Iraq on prevention and response to sexual violence in conflict</p> <ul style="list-style-type: none"> • Training of personnel from organized forces on human rights law, international humanitarian law, including sexual violence, existing legal framework around violence against women, undertakings, command orders, guidelines and disciplinary procedures, indicators and mitigating measures to address sexual violence. 	<p>Baseline: 0 Target: 2 (one for Peshmergas and one for Police Forces/FPU)</p> <p>Description: Number of training conducted targeting uniformed actors Baseline: 0 Target: 8</p>		
<p>Output 2.2</p>	<p>Information, Education and Communication materials related to Gender/GBV prevention and response are designed, produced and disseminated among targeted uniformed actors.</p> <p><i>(Contribute to UNA Output 2.1: Types of CRSV-related knowledge products and/or advocacy tools and/or resources developed to support improved CRSV prevention and response, per focus country)</i></p>	<p>Description: Information, Education and Communication (IEC) material is produced and disseminated among targeted uniformed actors in local language</p> <p>Baseline: No Target: Yes</p>	<p>Approval process for the IEC materials, involving all UN agencies partnering on this initiative</p> <p>IEC Dissemination/ Distribution plans</p>	<p>Making sure that all relevant Ministries are fully on board and agree to facilitate the dissemination of IEC materials.</p>

<p>Activities</p>	<ul style="list-style-type: none"> • Design, production, procurement and dissemination of Information, Education and Communication materials related to GBV, Gender, CRSV and women rights in local languages. 	<p>Same as above.</p>		
<p>PROBLEM STATEMENT</p>	<p>Unequal access to justice and free legal aid and psychosocial services for CRSV (GBV and SGBV) survivors amongst displaced populations in Iraq</p>
