MONGOLIA

Project Title: UNIDO – PAGE Workplan - MPTF project Number: 105893

Outcome 1- Countries have reinforced and integrated inclusive green economy (IGE) goals targets into SDG aligned national economic and development planning through multi-stakeholder collaboration.

| | |
|-------------------------|-----|
| Key achievements | n/a |
|-------------------------|-----|

Outcome 2 - Countries are implementing evidence based sectoral and thematic reforms in line with national IGE priorities.

| | |
|-------------------------|---|
| Key achievements | <p>Mongolia – End-of-life vehicle (ELV) recycling strategy development</p> <p>Based on a broader industrial waste inventory and assessment conducted in 2015/6 UNIDO was requested to focus on end-of-life vehicle recycling and prepare a strategy with policy recommendations. A team consisting of a national and an international expert was hired to create environmentally-conscious capacity for ELVs, as well as to identify options for eliminating POPs from plastic recycling. The expert team prepared a report laying out:</p> <ul style="list-style-type: none"> -Ideal process for ELVs -Current practices and material flows for ELVs and regulatory status in Mongolia -Recommendations for action in the area of ELVs and destruction of POPs in Mongolia -Project proposal for implementing these measures <p>Recommendations emanating from the study were discussed at a workshop with key stakeholder representing policymakers from the Ministry of Road and Transport, private sector representatives from automotive recyclers, academia and CSOs.</p> |
|-------------------------|---|
