WHEREAS, the Government has conditioned its proposal on the cooperation of the international community through contributing at least half of the revenue that the Government would have received by extracting the oil reserves in the Yasuni ITT field, within the Yasuni National Park;

WHEREAS, in this context, the Government has requested the United Nations Development Programme (UNDP), through its Multi-Donor Trust Fund Office (MDTF Office) to provide management and other support services related to the establishment and management of the ECUADOR YASUNI ITT TRUST FUND (hereinafter “Yasuni Fund”);

WHEREAS, UNDP agrees to provide such management and other support services in connection with the Yasuni Fund, pursuant to its Financial Regulations and Rules, and Yasuni Terms of Reference and on the terms and conditions set out herein;

WHEREAS, the Government has appointed the Ministry of Heritage as the Government Coordinating Entity, on behalf of the Government (hereinafter “Governing Coordinating Entity”), who shall assume full financial and programmatic accountability for the funds disbursed to the Recipient and Implementing Organizations (described below) by the Administrative Agent, and shall have such other responsibilities as set forth herein; and

(MOA), and shall be open for receipt of contributions until reaching 407 million metric tons of CO₂ not emitted as a result of preserving the Yasuni ITT oil reserves, pursuant to the governance arrangements of the Yasuni Fund and for the approved activities, as set out in the Terms of Reference of the Yasuni Fund dated July 28, 2010, (hereinafter referred to as the “Yasuni Fund TOR”), incorporated herein by reference and attached hereto as ANNEX 1. The establishment of the Yasuni Fund shall facilitate the effective and efficient collaboration between the Government, Contributors (as defined in the Yasuni Fund TOR), the Administrative Agent, and other stakeholders for the implementation of the Yasuni Fund.

2. To this end, the Yasuni Fund Steering Committee (Steering Committee) will serve as the primary coordination and governance mechanism, as described in the Yasuni Fund TOR. The Steering Committee will carry out the functions ascribed to it in the Yasuni Fund TOR, including final fund allocation decisions and overseeing the effective monitoring and evaluation of Yasuni Fund financed activities. The activities of the Fund shall be carried out on the basis of the applicable national laws, regulations and procedures (hereinafter referred to as the “National Regulatory Framework”), provided they do not contravene the principles set out in UNDP’s regulations and rules.

3. Through the Steering Committee, the Government and UNDP shall consult closely with respect to the management and other support services provided under this Agreement. The Government shall ensure that all necessary support is given by the relevant Ecuadorian authorities to UNDP to facilitate the activities to be carried out under the Yasuni Fund. The Steering Committee will establish its Rules of Procedure, consistent with the Yasuni Fund TOR.

6. Contributions and income from the sale of CGYs channeled through the Capital Fund Window will be used to finance approved project proposals submitted by national institutions

The Revenue Fund Window of the Yasuni Fund shall be resourced with mandatory annual revenue payments received from Recipient Organizations in respect of the funds disbursed from the Capital Fund Window. The terms of payment of the Recipient Organizations will be approved by the Steering Committee. The Revenue Fund Window will be used to fund development projects within the framework of the strategic sustainable development programmes within the guidelines of the Ecuadorian National Development Plan, described in the Yasuni Fund TOR. The Administrative Agent and the Government Coordinating Entity will ensure the posting of a copy of the Standard Administrative Arrangement it enters into, as well as information on contributions, on the website of the Administrative Agent (<http://mdtf.undp.org>), as well as the website of the Yasuni Fund (www.yasuni-itt.gov.ec), as appropriate.

13. To cover the cost of the UNDP MDTF Office fund administration services, UNDP will submit an annual estimated cost of services to the Steering Committee, through the Technical Secretariat, in the third quarter of the year, for services to be provided in the following year. The annual estimated costs will be reviewed and approved by the Steering Committee. The

**Gobierno Nacional de la
República del Ecuador**

Government shall make payment to UNDP prior to the commencement of the fund administration services or through the Steering Committee, authorize UNDP to deduct the fee out of the Yasuni Fund Account. The cost of fund administration services for the first year which has been approved by the Government will be paid following signature of this MOA, until such time that the Yasuni Fund Account has sufficient funds to cover the costs, at which time the Government shall be entitled to be reimbursed from the Yasuni Fund Account for the payment to the Administrative Agent, following approval by the Steering Committee.

Article 3 **Financial Matters**

The Administrative Agent

14. The Administrative Agent will establish a separate bank account (hereinafter, the “Yasuni Fund Account”) under its financial regulations and rules for the receipt and administration of the funds received pursuant to a Standard Administrative Arrangement. Such contributions will be credited to the Yasuni Fund Account. The Yasuni Fund Account will be administered by the UNDP MDTF Office, as the Administrative Agent, in accordance with the UNDP applicable regulations, rules, directives and procedures, including those relating to interest. The Yasuni Fund Account will be subject exclusively to the internal and external auditing procedures laid down in the applicable UNDP financial regulations, rules, directives and procedures. In respect of the internal audit, the summary of the findings and recommendations will be promptly communicated to the Steering Committee.

15. The Administrative Agent will not absorb gains or losses on currency exchanges which will increase or decrease the funds available for disbursements to the Government Coordinating Entity, and the Recipient and Implementing Organizations.

16. Subject to the availability of funds, the Administrative Agent will make disbursements from the Yasuni Fund Account based on decisions from the Steering Committee, in line with the budget set forth in the programmatic document, as amended from time to time by the Steering Committee, and following an instruction from the Government Coordinating Entity.

17. The Administrative Agent will normally make each disbursement within three (3) to five (5) business days after receipt of the relevant approved programmatic document, in accordance with the instructions received from the Steering Committee in line with the Yasuni Fund TOR, along with a copy of the relevant approved programmatic document and agreement concluded between the Government Coordinating Entity and the concerned Recipient or Implementing Organization. The Administrative Agent will transfer funds to each Recipient or Implementing Organization, on instruction from the Government Coordinating Entity, through wire transfer.

**Gobierno Nacional de la
República del Ecuador**

The Government Coordinating Entity will advise the Administrative Agent in writing of the bank account for transfers pursuant to this MOA. When making a transfer, the Administrative Agent will notify the Government Coordinating Entity's Treasury Operations, with a copy to the Recipient or Implementing Organization, of the following: (a) the amount transferred, (b) the value date of the transfer; and (c) that the transfer is from the UNDP MDTF Office in respect of the Yasuni Fund pursuant to this MOA.

18. Where the balance in the Yasuni Fund Account on the date of a scheduled disbursement is insufficient to make that disbursement, the Administrative Agent will consult with the Steering Committee and make a disbursement, if any, in accordance with the Steering Committee's instructions.

The Government Coordinating Entity

19. The Government has designated the Ministry of Heritage of Ecuador to serve as the Government Coordinating Entity, through its Yasuni ITT Coordination Office, the primary interlocutor on all aspects of the Yasuni Fund including with respect to the Administrative Agent. The Government Coordinating Entity, and through it the Recipient and Implementing Organizations, assumes full programmatic and financial accountability for the funds disbursed to them by the Administrative Agent.

20. In order to carry out activities under the Yasuni Fund, Recipient Organizations under the Capital Fund Window and Implementing Organizations under the Revenue Fund Window shall be proposed by the Government Coordinating Entity and approved by the Steering Committee, following assessments of financial, managerial and technical capacity by the Technical Secretariat. The Steering Committee shall also review and approve the proposals recommended for funding. It is understood that such Organizations will disburse funds and carry out activities on the basis of the applicable National Development Plan and the National Regulatory Framework.

21. The Government Coordinating Entity will establish, and have each Recipient and Implementing Organization establish, a separate ledger account under its financial regulations and rules for the receipt and administration of the funds disbursed to it by the Administrative Agent from the two windows of the Yasuni Fund Account. That separate ledger account will be administered by the Government Coordinating Entity, and Recipient and Implementing Organizations in accordance with the National Regulatory Framework.

22. The Government Coordinating Entity will use, and have the Recipient and Implementing Organizations use, the funds disbursed to it by the Administrative Agent from the Yasuni Fund Account to carry out the activities for which it is responsible as set out in the approved

programmatic document. The Government Coordinating Entity, and through it the Recipient and Implementing Organizations, will commence and continue to conduct operations for the programmatic activities only upon receipt of disbursements as instructed by the Steering Committee. The Government Coordinating Entity, and through it the Recipient and Implementing Organizations, will not make any commitments above the approved budget in the approved programmatic document, as amended from time to time by the Steering Committee. If there is a need to exceed the budgeted amount, the Government Coordinating Entity concerned will submit a supplementary budget request to the Steering Committee.

Article 4 **Activities of the Government Coordinating Entity**

23. Before the Administrative Agent will disburse funds to either a Recipient or Implementing Organization, the Government Coordinating Entity will conclude agreements with each Recipient and Implementing Organization setting out the terms and conditions regarding receipt of funds from the Yasuni Fund, consistent with this MOA and the Yasuni Fund TOR. The Government Coordinating Entity will ensure that each Recipient and Implementing Organization is responsible for the activities carried out by it, in accordance with the decisions of the Steering Committee, and the National Regulatory Framework.

24. After approval of the Steering Committee of the respective Recipient or Implementing Organization proposal, the Government Coordinating Entity will instruct the Administrative Agent to disburse the approved amount to the respective Organization. In connection with disbursements to the Recipient Organizations, pursuant to the Yasuni Fund TOR, and as shall be reflected in the agreements signed between the Government Coordinating Entity and each Recipient Organization, each disbursement shall be subject to an annual revenue payment in the amount and on the terms approved by the Steering Committee. The Administrative Agent will deduct the initial payment before disbursement to the Recipient Organization and deposit it into the Revenue Fund Window, as the revenue payment for the first year, with subsequent payments falling due on the anniversary of the first disbursement.

25. The Government Coordinating Entity through the Yasuni Fund Steering Committee will take the necessary steps to ensure that Recipient Organizations have the required capacities to accomplish their commitments in accordance the National Regulatory Framework, including their payments to the Revenue Fund Window.

26. Any modifications to scope of the approved programmatic document, including as to their nature, content, sequencing or the duration thereof will be subject to mutual agreement in writing between the Government Coordinating Entity, the relevant Recipient or Implementing Organization and the Steering Committee. The Government Coordinating Entity

**Gobierno Nacional de la
República del Ecuador**

will promptly notify the Administrative Agent of any change in the budget approved by the Steering Committee, as set out in the programmatic document of any Recipient or Implementing Organization. On the termination of this MOA, the ownership of equipment, supplies and other property financed from the Yasuni Fund shall vest in the Government.

27. The Government Coordinating Entity will ensure that where a Recipient or Implementing Organization wishes to carry out its activities through or in collaboration with a third party, it will be responsible for discharging all commitments and obligations with such third parties, and the Administrative Agent will not be responsible for doing so.

28. In carrying out their activities, neither the Government Coordinating Entity, nor the Recipient nor Implementing Organization will be considered as an agent of the Administrative Agent, nor will the personnel of one be considered as staff members, personnel or agents of the Administrative Agent. Without restricting the generality of the preceding sentence, the Administrative Agent will not be liable for the acts or omissions of the Government Coordinating Entity, the Recipient or Implementing Organizations, or their personnel, or of persons performing services on their behalf.

29. The Government Coordinating Entity will advise the Administrative Agent in writing when all activities for which the Recipient and Implementing Organization are responsible under the approved programmatic document have been completed.

30. The Government Coordinating Entity recognizes that the Contributors reserve the right to discontinue future contributions if reporting obligations are not met as set forth in the Standard Administrative Arrangement, or if there is proven improper use of funds determined by the Steering Committee. If it is agreed by the Steering Committee that there is evidence of improper use of funds, the Government Coordinating Entity will use its best efforts, through the appropriate government body, consistent with its regulations, rules, policies and procedures to recover any funds misused. The Government Coordinating Entity will through the Steering Committee credit any funds so recovered to the Yasuni Fund Account or agree with the Steering Committee to use these funds for a purpose mutually agreed upon. Before withholding future contributions or requesting recovery of funds and credit to the Yasuni Fund Account, the Administrative Agent, the Government Coordinating Entity and the Contributor will consult with a view to promptly resolving the matter.

31. In the event that the Government defaults on its commitment and decides to initiate oil prospecting in the Yasuni ITT oil fields, the CGYs will entitle the holders to be reimbursed by the Government the equivalent to the face value of the CGYs in US

dollars², in such form as shall be agreed between the Government and the Contributor. In that event, the uncommitted balance of the Capital Fund Window shall be used by the Government towards the reimbursement to the Contributors of the face value of the CGYs. To this end, the uncommitted balance of the Capital Fund Window, if any, shall be returned to the Contributors in the proportion of their contribution. Once the Government notifies the Steering Committee and the Administrative Agent of its decision to initiate oil prospecting in the Yasuni ITT oil fields, the Yasuni Fund accounts will thereafter be wound up so as to permit the orderly closure of the Yasuni Fund, including settlement of claims on issued CGYs.

32. The Government Coordinating Entity recognizes that it is important to take all necessary precautions to avoid inappropriate practices. To this end, the Government Coordinating Entity will guarantee the application of the National Regulatory Framework for the use of public funds. In the event that the Government Coordinating Entity determines that an allegation in relation to the implementation of activities – including corrupt, fraudulent, collusive or coercive practices that may have taken place - is credible enough to warrant an investigation, it will promptly notify the Steering Committee and the Administrative Agent and the appropriate Ecuadorian regulatory and control bodies, to the extent that such notification does not jeopardize the conduct of the investigation. The allegation will be dealt with by the appropriate government's entity in charge of such investigations. Upon completion of the investigation, the Government Coordinating Entity will inform the Steering Committee and the Administrative Agent about the results of the investigation which will handle in accordance with the National Regulatory Framework.
