For new proposals, please complete the tab for 'Project Document', 'Budget' and 'Locations'

Project Document

1. COVER (to be completed by organization submitting the proposal)

(A) Organization*	Social-Life and Agricultural Development Organisation (SADO)			
(B) Type of Organization*				
(C) Project Title*	Gedo Drought Response Project			
Please use a precise and informative title that accurately reflects the project.				
(D) CAP Project Code	Not required for Emergency Reserve proposals outside of CAP.			
(E) CAP Project Ranking	Required for proposals during Standard Allocations.			
(F) CHF Funding Window*	please select Emergency Reserve			
(G) CAP Budget	\$	352,360.00	Must be equal to total amount requested in current CAP.	
(H) Amount Request*	\$	349,960.00	Equals total amount in budget. Grey cells are completed automatically.	
(I) Project Duration*	3 months No longer than 6 months for proposals to the Emergency Reserve.			
(J) Primary Cluster*	Livelihoods			
(K) Secondary Cluster	WASH Only indicate a secondary cluster for multi-cluster projects.			
(L) Beneficiaries	Direct project beneficiaries. Specify target population disaggregated by number.			
	Total*	Men	Women	Children under 18
	23196	5750	10700	6746
As part of the beneficiaries, list any other groups of relevance (e.g. children under 5, IDPs, pastoralists)				
	People in HE	People in AFLC	Indicate group name	Indicate group name
	8000	2500	Pastoralists	Agro-pastoralists
(M) Location	Region(s) and District(s) only, precise locations should be annexed			
	Regions			
(N) Implementing Partners	(List name, acronym and budget)			
	1	Advancement for Small Enterprise Program (ASEP)	Budget:	\$ 88,307
	2	Nomadic Assistance for Peace and Development (NAPAD)	Budget:	\$ 87,767
	3	Active in Development Aid (ADA)	Budget:	\$ 86,843
(O) Focal Point and Details - Provide details on agency and Cluster focal point for the project (name, email, phone).				
Agency focal point for project:				
Name: *	Abdullahi A Anshur		Title:	Program Coordinator
Email: *	sadobardera@yahoo.com/anshur@sadosomalia.org		Phone: *	+254 (0) 720 538 122/+254 (0) 734985663
Address:	Windy Court, Suit 8, David Oseli Road, Off Waiyaki Way, Westlands, Nairobi, Kenya			

3. BACKGROUND AND NEEDS ANALYSIS (please adjust row size as needed)

(A) Describe the project rationale based on identified issues, describe the humanitarian situation in the area, and list groups consulted.*	<p>There are clear indications that the humanitarian situation in Gedo region is worsening as a result of below average precipitation caused by La Nina meteorological phenomenon. The failure of the Deyr rains is demonstrated by failed crops and severe crop and pasture shortages in most key pastoral zones in the region causing deterioration of livestock body condition. Due to critical climatic conditions, abnormal migration of livestock, mainly small ruminants, is going on and livestock body conditions is have started to weaken especially for cattle and lactating animals.</p> <p>Besides, the food security conditions in the entire region have also started to deteriorate with a significant negative impact on crop, livestock body conditions and overall market performance.</p>
(B) Describe in detail the capacities and needs in the proposed project locations. List any baseline data. If necessary, attach a table with information for each location.*	<p>The "deyr" short rains either failed or performed below average in Gedo region and consequently the entire region has begun to experience multiple shocks including inadequate access to drinking water for both human and livestock, inadequate access to pasture for livestock and failure of rainfall dependent crops in both the agro-pastoralists areas and riverine communities causing decline in livestock prices and escalation of prices for critical food items thus resulting in unfavourable purchasing power among vulnerable households.</p> <p>An Inter Agency Assessment in the region indicated that the entire pastoral food economy group has been affected. And due to the intensity of the drought, body conditions of small ruminants have started to deteriorate. Cattle death of already been observed in pastoral settlements around Bardera long before the harsh Jilaal season commenced. According to the assessment jointly conducted in December, some critical findings indicated that:</p> <p>Prices of 20lt jericana increased from 0.04\$ to 0.08\$ probably due to reliance on tankered water, high cost of water from boreholes due to increased operation and maintenance costs and reduced number of sources.</p> <p>Pasture situation is pathetic in the entire region where a bale (20kg) of fodder increased from 5\$ to 10\$. The little pasture available from remnants of the last "Gu" season has remained in areas far away from water sources. The areas with some pasture but no water include Damera, Well harrar, Habadaale, Babaa, Buraxado, Ramu, Toosiley and Gofo in north Gedo.</p> <p>Livestock prices declined by 49% as compared to two months ago according to the findings of the assessment.</p> <p>Households in surveyed communities entirely depend on market purchases for their food sources while prices of key food items increased by 55.5% as compared to the last two months. Critically, the locally produced commodities are</p>
(C) List and describe the activities that your organization is currently implementing to address these needs.	<p>In regards to the needs of the drought affected communities, SADO, ASEP, NAPAD and ADA are not implementing any activities in related to the drought. The activities so far undertaken was to carry a joint inter-agency assessment that was aimed at identifying the effects of the drought and the immediate needs of the local communities. Presently, only ASEP is presently distributing dairy goats in Dolow which will be finalised by the end of this month.</p>

4. LOGICAL FRAMEWORK (to be completed by organization)

(A) Objective*	Enhance the protection of lives and livelihood assets of pastoral and agro-pastoral communities through improved access to water		
(B) Outcome 1*	Enhanced access/availability of fodder (green matter) through increased fodder production along the riverine farms in Dawa		
(C) Activity 1.1*	Community mobilisation, identification of suppliers and procurement of seeds and fuel and registration of farms beneficiaries		
(D) Activity 1.2	Distribution of fodder seeds and fuel vouchers to 700 farmers.		
(E) Activity 1.3	Fodder seeds are grown and constantly monitored by the project staff.		
(F) Indicator 1.1*	Livelihoods	AGRICULTURE & LIVELIHOODS - Number of people (divide	Target:* 23196
(G) Indicator 1.2	Livelihoods	17,500 liters are distributed to 700 farmers	Target: 700 farms
(H) Indicator 1.3	Livelihoods	2100kg of Sudan grass distributed to 700 farmers and 3500N	Target: 15,400 cattle and 37,800 shoats
(I) Outcome 2	Increased access to water and pasture through vouchers for water and availability of water in remote areas with pasture.		
(J) Activity 2.1	Community mobilisation and registration of households/beneficiaries and their livestock.		
(K) Activity 2.2	Identification of water suppliers/traders and identification of vendors		
(L) Activity 2.3	Distribution of 1,206,900 liters of water through vouchers with water allocations to beneficiaries along with the livestock.		
(M) Indicator 2.1	Livelihoods	AGRICULTURE & LIVELIHOODS - Number of people (divide	Target: 1570
(N) Indicator 2.2	Livelihoods	1570 pastoral and agro-pastoral households access water th	Target: 1570
(O) Indicator 2.3	Livelihoods	15,700 cattle and 62,000 access water through voucher syst	Target: 15700 cattle and 62800 shoats

(R) Activity 3.2	Tendering and procurement of excavation tools and materials		
(S) Activity 3.3	Excavation of water catchments through paid labour wages.		
(T) Indicator 3.1	Livelihoods	AGRICULTURE & LIVELIHOODS - Number of people (divided per livelihood)	Target: 1596 households
(U) Indicator 3.2	Livelihoods	10 catchments with a volume of 25,434m3 are excavated	Target: 1596 households
(V) Indicator 3.3	please select	1596 households benefit 26 days of job opportunities and inc	Target: 1596 households
(W) Implementation Plan*	The project, which covers the whole of the region, will be implemented through a consortium of three agencies namely SADO,ASEP, ADA and NAPAD. The lead agency is SADO. Division of activities will be as follows: each organization will implement activities in certain geographical area while the leading agency will actively coordinate with the other partners to		

Can't a committee or comi

5. MONITORING AND EVALUATION (to be completed by organization)

(A) Describe how you will monitor, evaluate and report on your project activities and achievements, including the frequency of monitoring, methodology (site visits, observations, remote monitoring, external evaluation, etc.), and monitoring tools (reports, statistics, photographs, etc.). Also describe how findings will be used to adapt the project implementation strategy. *	<p>Monitoring activities will be carried out by designated project field monitors. The allocation of responsibility for monitoring, what should be monitored and how it should be done will be clearly defined and included in the strategy of the implementation. It will be participatory, i.e. it will be participated by staff of implementing partners, beneficiaries and other stakeholders as/when required.</p> <p>Monitoring activities will include the following methodologies:</p> <ol style="list-style-type: none"> 1) Scheduled or random visits to local communities; 2) Focus group discussions with project beneficiaries; 3) Regular meetings and discussions with local authorities; 4) Periodic analysis of baseline data gathered from the above visits and discussions. 5) Analysis of monitoring reports. 6) Analysis of financial reports and level of implementation against planned activities.

6. OTHER INFORMATION (to be completed by organization)

Organization	Activity
1 NCA	NCA does not have any responses at the moment and will be coordinating w
2 NAPAD	NAPAD is not presently implementing any activities related to WASH or Live
3 SADO	SADO has just finalised provision of fuel and irrigation pumps to riverine farr
4 ASEP	ASEP is planning to distributes dairy goats to beneficiaries in Dolow town
5 SOLIDARITES INTERNATIONAL	SOLIDARITES INTERNATIONAL is currently distributing seeds to riverine fa
6 Life Line Gedo	The agency is currently implementing water trucking activities in ten villages
