<b>Organisation(s) des NU bénéficiaire(s):</b>	International Organisation for Migration (IOM)	<b>Domaine Prioritaire:</b>	Disaster risk reduction		
<b>Autorité(s) nationale(s):</b>	Direction de la Protection Civile (Ministry of Interior); Ministry of Public Works				
<b>Numéro du Programme:</b>	UNDG/HRF-4 (ID 00077386)				
<b>Nom du Programme:</b>	Capacity building in Disaster Risk Management : Construction/repair of hurricane shelters, training in disaster risk reduction and management				
<b>Budget Total:</b>	<b>US\$ 2,000,000</b>				
<b>Zone d'intervention:</b>	Ouest department and other areas as determined by DPC				
<b>Date d'approbation:</b>					
<b>Durée du Programme:</b>	1 year	<b>Date de démarrage:</b>	1 February 2011	<b>Date de clôture:</b>	31 January 2012
<b>Description du Programme:</b>	<p>With this project, the Department of Civil Protection (DPC) with the support of IOM, and in coordination with the Ministry of Public Works, aims to continue the work began under the Interim Haiti Recovery Commission (IHRC)-approved project, funded and executed by the Clinton Foundation (with technical support from IOM), to address community-level disaster preparedness capacities. This project will work towards that goal through the provision of essential disaster risk reduction training activities at the communal and local levels, the establishment of evacuation shelters and the reparation of community buildings which may be used as evacuation shelters in case of hurricane which were damaged during the 12 January earthquake.</p>				

<b>Objectif global:</b>	To augment the GoH's capacity, particularly in disaster preparedness, and to facilitate recovery in line with the Governmental Action Plan for National Recovery and Development of Haiti.
