- Name: YJ Kang
- Title: UNICEF Chief Staff/Joint Presences Manager, Kiribati
- Participating Organization (Lead): UNICEF
- Email address: yjkang.unicef@gmail.com

¹ The term “programme” is used for programmes, joint programmes and projects.

² Priority Area for the Peace building Fund; Sector for the UNDG ITF.

³ The start date is the date of the first transfer of the funds from the MDTF Office as Administrative Agent. Transfer date is available on the [MDTF Office GATEWAY](http://mdtf.undp.org) (<http://mdtf.undp.org>).

⁴ All activities for which a Participating Organization is responsible under an approved MDTF programme have been completed. Agencies to advise the MDTF Office.

1. Improvement of emergency obstetric and neo natal care

- Tugaru Central Hospital is awarded the BFHI certificate.
- 45 health workers provide better management of emergency obstetric and neonatal care on Abemama and Tarawa.
- Health workers are better managing newborns, pregnant and post partum mothers with the availability of neonatal scales, breastfeeding modules.
- Other essential equipment for ANC and neonatal care has been procured and will soon be used in identified health facilities. Support is now available to mother and child pairs
- All pregnant mothers of the 14 community villages of Abemama now deliver in health care facilities or homes.
- Mothers breastfeed their newborns with assistance of community support groups during the first week of life.
- Delivery in the MHMS has established three outlets on TUC and BTC where mothers can attend ANC first bookings, an increase by two outlets.

2. Schools and communities in selected areas provide access to and use of improved drinking water and sanitation facilities in Abemama Island.

- Installation of improved sanitation facilities in four primary schools (four toilets for boys and girls) and one junior secondary school (four toilets for boys and girls)
- Installation of 12 hand washing facilities in three primary schools
- Improved access to improved water supply for schools and surrounding communities
 - Two solar pumps were installed; one for Takatia Primary School
 - One booster pump for Barebutanna Primary School and Junior Secondary School
 - Four water tanks have been installed.
 - About 400m of water supply pipe line has been installed
- Capacity Building of officials of the Ministry of Public Works and Utilities on construction and utilization of VIP latrines. VIP latrine is one of the options stated in the National Sanitation Policy and its Implementation plan the Ministry has now a capacity to build in the remaining Islands.

Promotion of gender equality as boys and girl students will use separate toilets, which will contribute to increase of number of school attendance by young girls.

VIII. INDICATOR BASED PERFORMANCE ASSESSMENT

	Performance Indicators	Indicator Baselines	Planned Indicator Targets	Achieved Indicator Targets	Reasons for Variance (if any)	Source of Verification	Comments (if any)
Outcome 1: Pregnant women in selected areas are attended by skilled health personnel during ANC, childbirth and the immediate postpartum period							
Output 1.1	Successful delivery of Pregnant mothers on Abemama by health workers			100% delivery rate at Abemama.			
	MHMS has established 3 first booking ANC outlets			3 Booking a success at the ANC outlets.			
	Tungaru Central Hospital to be certified Baby Friendly			Tungaru voted baby friendly - hospital			
Output 1.2	Health workers trained on EMONC			45 Health workers successfully trained			
	Procurement of equipment for ante-natal care			Ante-natal care equipment purchased			
Outcome 2: To increase access to improved water and sanitation facilities
