## FINAL PROGRAMME REPORT

### EXECUTIVE SUMMARY

#### I. Purpose

The event for Introducing the UN Global Compact was held in Sedona Hotel on May 1, 2012. The overall objective was to promote responsible business in Myanmar, in particular supporting inclusive job creation and sustainable development. It was also organized to coincide with the visit to Myanmar of Mr. Ban Ki-Moon, UN Secretary General. In light of recent developments in Myanmar, there is an expectation that the country will become increasingly integrated into the global economy moving forward.

#### II. Assessment of Programme Results

##### i) Narrative reporting on results:

The event brought together national and multinational companies together will be a critical step to embedding universal values and responsible practices into the private sector in Myanmar. In this context, the Office of Resident & Humanitarian Coordinator and the Peace building Support Office, and the UN Global Compact Office organized the event.

The meeting consists of a high-level session attended by Mr. Ban Ki-Moon and other high level officials, followed by a series of working-level roundtable discussions. The aim was to:

- Introduce and build a common understanding of responsible business practice and shared value in the context of Myanmar;
- Examine how the private sector can contribute to sustainable development;
- Recognize new Global Compact signatories in Myanmar;
- Promote responsible investment opportunities and job creation; and
- Create linkages between Myanmar and the international business community.

The discussion also introduced the UN Global Compact in Myanmar with the hope of making a contribution to advancing responsible business and sustainable development. Fifteen local companies officially submitted their applications to the UN Global compact.

ii) Indicator Based Performance Assessment:

	<b>Achieved Indicator Targets (Cumulative over funding period)</b> <i>Same as stated in the prodoc.</i>	<b>Reasons for Variance with Planned Target (if any)</b>	<b>Source of Verification</b>
<b>Outcome 1<sup>9</sup></b> <b>Indicator:</b> <b>Baseline:</b> <b>Planned Target:</b>			
<b>Output 1.1</b> <b>Indicator 1.1.1</b> <b>Baseline:</b> <b>Planned Target:</b>  <b>Indicator 1.1.2</b> <b>Baseline:</b> <b>Planned Target:</b>	<p><i>The 1-day high level event took place on 1 May 2012. There were 15 local companies and organizations that signed up and submitted their applications to the UN Secretary General. The high level session - initial part of the event - was attended by 292 persons. Panel discussion and 4 roundtable discussions were taken place prior to conclusion.</i></p> <p><i>The Event was indeed a success, putting Myanmar Business Community buying into Corporate Social Responsibility (CSR). There was nothing on causes and drivers of conflict as Conflict issues are not being dealt with.</i></p>		<ul style="list-style-type: none"> <li>- <i>List of participants (Annex 1)</i></li> <li>- <i>List of Myanmar Business Signatories (Annex 2)</i></li> </ul>
<b>Output 1.2</b> <b>Indicator 1.2.1</b> <b>Baseline:</b> <b>Planned Target:</b>  <b>Indicator 1.2.2</b> <b>Baseline:</b> <b>Planned Target:</b>			

<sup>9</sup> Note: Outcomes, outputs, indicators and targets should be as outlines in the Project Document/Priority Plan or PMP specific so that you report on your actual cumulative achievements against planned targets. Add rows as required for Outcome 2, 3 etc.

### iii) Evaluation, Best Practices and Lessons Learned

- The Workshop was an event. The objective was to raise awareness of CSR and have the Myanmar Business Community sign of on the UN GC. In terms of Lessons learned as this Worskhop coincided with the presence of the UN SG, timing was very crucial and we had to adjust the schedule of the Workshop to fit into the SG's timing.

### iv) A Specific Story

**Conflict dynamics being addressed:** Describe the specific problem or challenge faced by the subject of your story

*In fact the Workshop was purely on the Corporate Social Responsibility (CSR) and the UN Global Compact (GC).*

**Project Interventions:** Describe the Project interventions that were undertaken to respond to this problem. What was the intended 'change' at which level? Be as detailed as possible

*Raising awareness of CSR and have the Myanmar Business Community signed on the UN GC.*

**Result:** Describe the *change* that occurred as a result of the project interventions. For example, how did relationships between previously conflicting groups change? How have the drivers and key causes of conflict been addressed?

*It is the fact that the Myanmar Business Community was engaged with the UN for the first time.*

**Lessons Learned:** What did you (and/or other partners) learn from this situation that has helped inform and/or improve Programme (or other) interventions?

*In terms of Lessons learned, as this Event coincided with the presence of the UN Secretary General, timing was very crucial and schedule of the Event had been adjusted to fit into the SG's timing.*
