PROJECT DOCUMENT COVER SHEET**

Participating UN Organization: UNICEF Nepal	Priority/Cluster: D: Security
Project Manager Name: Virginia Perez, Chief, Child Protection Address: UNICEF, Pulchowk, UN Building Telephone: 5523200 Ext 1131 E-mail: vperez@unicef.org	Funding round Strategic Outcome the proposal will contribute towards: Children affected by armed conflict are effectively rehabilitated and reintegrated into communities in line with the National Plan of Action on Children Affected by Armed Conflict
Project Title: Reintegration and Rehabilitation of Children Affected by Armed Conflict <i>UN Fund Project Number: PBF/NPL/D-2 00085967</i>	Project Location: National
Project Description: In order to address the problems of conflict affected children in Nepal, the government have endorsed the National Plan of Action for the Reintegration and Rehabilitation of Children Affected by Armed Conflict (NPA-CAAC) in 2010. This project is intended to support government's implementation of the NPA – CAAC, through capacity enhancement of relevant government and non-government actors expected to eventually contribute toward the strengthening of overall child protection systems to provide dividends to the community as a whole, through building on structures, mechanisms and capacities established in a conflict/post-conflict context, to address a broader range of child protection issues. <input type="checkbox"/>	Total Project Cost: USD 1,700,000.00 Funding available through other sources: USD 200,000.00 Total contribution from UNPFN USD 1,500,000.00 Project Duration 33 months Start date: 16 March 2013 End date: 15 DECEMBER 2015
Goal, immediate objectives and anticipated peacebuilding impact: <i>UNPBF PMP Result: Youth, women and other marginalized members of conflict- affected communities act as catalyst to promote the peace process and early economic recovery.</i> <i>UNPFN Strategic Outcome: Outcome 8: Children affected by armed conflict are effectively rehabilitated and reintegrated into communities in line with the National Plan of Action on Children Affected by Armed Conflict.</i> <i>Project Peace-Building Impact: Relevant government agencies provide reintegration services to children affected by conflict, through existing government mechanism, ensuring peace dividends to affected children.</i>	
Outcomes and key activities: <i>Outcome 1: Government and non-governmental agencies provide holistic socio-reintegration support to children affected by conflict.</i> <ul style="list-style-type: none"> • Support development of NPA implementation guideline and reintegration packages based on international standards and guidelines. • Capacitate service providers for delivery of quality livelihood trainings and facilitate linkages with labor market • Support relevant government agencies to develop and standardize tools and procedures for identification and response to reintegration needs of children affected by armed conflict with special consideration to gender needs. • Baseline information (at least 20 conflict affected districts) of CAAC available • Provide technical assistance to relevant agencies to engage young people in community based peace building and social activities, to promote positive values and social harmony 	

- Support the implementation of Schools as Zones of Peace (SZOP) guideline for a secure, non-violent, non-discriminatory environment in schools and stop misuse of schools and children for political purposes
- Technical assistance to enhance government child protection system to prevent and respond to protection rights of children affected by armed conflict and other vulnerable children in the community
- Support development of child sensitive processes and procedures to ensure children's participation in Transitional Justice process
- Support implementation of School as Zones of Peace (SZOP) guideline for a secure, non-violent, non-discriminatory environment in schools is implemented effectively.

Outcome 2: Government and non-government agencies respond to protection concerns of children affected by conflict through the child protection systems approach, providing dividends to the community as a whole.

- Government and non-government agencies prevent and respond to the core violations against the rights of the children affected by armed conflict and other vulnerable children through an integrated Child Protection systems approach (using government standardized process, procedures and tools for identification, rescue, and reintegration and monitoring of children in risk)
- Development of comprehensive CP database to also include database for CAAFAG/CAAC
- Identification of CAAC in child care homes, removed, tracing and reunion with families or arrangement of alternative care systems (kinship, foster care, etc.).
- Capacitate relevant government agencies for deinstitutionalization of CAAC in residential care (child care homes), with support for family reunion or placement in other, non- institutional, alternative care arrangements (kinship, foster care, etc.)
