Anticipated Start Date FUNDING: Implementation of the Gender Responsive Integrate
Duration (In month)
Anticipated End Date

The Joint Program seeks to contribute to the implementation of prioritized municipalities of Guatemala, that will strengthen the capacity and resilience of the most vulnerable, especially women, indigenous women, women with disabilities and women in the National Support System (NSPS).

One of the main challenges in implementing an integrated NSPS is to ensure that the program is able to: make available instruments and mechanisms that allow for the reduction of poverty, according to the different benefits and social programs, using a multidimensional and life-cycle approach, and according to the leadership and empowerment.
