3. BACKGROUND AND NEEDS ANALYSIS (please adjust row size as needed)

(A) Describe the project rationale based on identified issues, describe the humanitarian situation in the area, and list groups consulted. (maximum 1500 characters) *	Rationale The 3 regions of Galgadud, Hiran and Mudug (south Galkayo) are recently considered to have better access to NGOs compared to other regions in south part of Somalia. These regions are hosting an estimated 283,967 IDPs who are in dire need of health services including maternal and neonatal health as they are severely under served. The estimated number of women of reproductive age among these IDPs is around 56,793. IDPs concentration in the area around the following areas according to recent estimates:
	 Mudug -South Galkayo-Bulo Jawaanley, Arafat, Maryama IDP settlement, Qoraxey Settlement, Hiran Settlement, Bulo Celgab, Bulo Nooto, Buro Bisharo, Alanley, Bule Bacley & Bulo Kontrol. Galgadud : Adado district, hobyo district, Abudwaq district, Dusamareb district, El bur district, Haedehere district & El deer district
(B) Describe in detail the capacities and needs in the proposed project locations. List any baseline data. If necessary, attach a table with information for each location. (maximum 1500 characters) *	1. Management capacity : From the beginning of 2011 ,UNFPA had deployed a full-time two humanitarian response assistants in Galkayo sub-office, one international UNV and one national humanitarian response assistants both based in Galkayo in addition to one humanitarian response assistant based in Nairobi to assist the head of the sub-office. A national consultant recruited recently to assist with data collection, monitoring and reporting of the interventions implemented by UNFPA partners. The 2 national staff (HRA) and 2 international, P4/Programme Manager and one UNV assisted by one consultant are the current staff of UNFPA responsible of delivering SC programme which includes this project.
(C) List and describe the activities that your organization is currently implementing to address these needs.(maximum 1500 characters)	 Provision of emergency reproductive health KITS to health facilities ,pregnant women and IDPs women and men Training of midwives on Emergency obstetric care , referral of complicated pregnancies & information Training of Reproductive health coordinators and senior health professionals on Management of RH projects and minimum initial service package. Fistula management and end fistula campaign activities Reproductive health coordination. GBV Coordination

(A) Objective*	To reduce the first delay of	To reduce the first delay of complicated pregnancies and child birth						
(B) Outcome 1*	Improve knowledge, skills	Improve knowledge, skills and practices of women,men,girls &boys and civil society among IDPs to support referral of complicated c						
(C) Activity 1.1*	Conduct rapid need assess	Conduct rapid need assessment in to identify training needs of community members including women, men, girls, boys and local NGC						
(D) Activity 1.2	Training of community gro	ups comprising 250 women,250 men ,300 girls &boys.						
(E) Activity 1.3	Training of women focal po	Training of women focal points in IDP settlements, 50 women and 50 girls on referral guidelines to assist in referral of cases						
(F) Indicator 1.1*	Health	Target* 3						
(G) Indicator 1.2	Health	number of community groups received training in the target locati Target						
(H) Indicator 1.3	Health	number of focal persons received training in the target locations Target						
(I) Outcome 2	Maintain and scale up qual	Maintain and scale up quality basic delivery care for complicated pregnancies and child birth of women and girls among IDPs settleme						
(J) Activity 2.1	Establishment of 14 waitin	Establishment of 14 waiting Maternity Homes in the vicinity of a functioning basic delivery services and accessible to IDPs settlement						
(K) Activity 2.2	Procurement and distributi	Procurement and distribution of RH emergency kits and basic supplies to maternity homes and MCH centers						
(L) Activity 2.3	Training of midwives (40 m	idwives) on clean safe delivery , post abortion care and emergency obstetric care						
(M) Indicator 2.1	Health	Provision of PHC services within 2 km radius of IDP settlements v Target 14						
(N) Indicator 2.2	Health	Number of maternity homes and MCH centers equipped with Rer Target						
(O) Indicator 2.3	Health	Number of midwives trained on clean safe delivery, post abortior Target						
(P) Outcome 3								
(Q) Activity 3.1								
(R) Activity 3.2								
(S) Activity 3.3								
(T) Indicator 3.1		Target						
(U) Indicator 3.2		Target						
(V) Indicator 3.3		Target						
W) Implementation Plan*	PHASE 1 :							
Describe how you plan to	Rapid need assessment w	ill be conducted between April-May to identify the training needs of community members including						
mplement these activities	women, men, girls, boys ar	women, men, girls, boys among the target 21 IDPs settlements in the three target regions . The assessment will address the gaps in						
(maximum 1500 characters)	knowledge and practices of	f different IDPs groups specifically women, men, girls and boys and will be carried by implementing						
	NGOS. UNFPA Galkayo staff will provide direct technical support for the implementing partner in terms of revising assessment tools							
		and also provide oversight of the process. UNFPA staff will also directly supervise the part of the assessment related to where and						
		how to establish the maternity homes. The assessment results will be used to develop the training programme and training needs.						

(A) Describe how you will monitor: Monitoring will be carried out on regular basis (monthly and quarterly) at different implementation levels, which are: 1) IDPs camps activities and achievements, and requency of monitoring outs (site visits). including the frequency of monitoring, methodology (site visits, observations, regular basis) (monthly againet implementation plato to ensure that activities will be checked monthly againet implementation plato to ensure that activities will be checked monthly againet implementation plato to most frategies to vorome constraints if monitoring outs) (site visits, observations, returned control (PDP Aull like index) defined (pb descriptions and will be evaluated or direct) responsible of day to day follow-up with the 2 monitoring to take (reports, satisfasts, Furthermore, LUNPPA Aull like index) and 2 rationals are directly responsible of day to day follow-up with the 2 monitoring to take (responsible) of the project. how finding will be used to adaptic subsection of the project impact in the area through hiring a consultant (UNPPA aull use its regular resources to evaluate the project impact in the area through hiring a consultant (UNPPA aull use its regular resources) to evaluate of a project. how finding will be carried out UNPPA aull use its regular resources to evaluate the project impact in the area through hiring a consultant. how finding will be carried out on regular based in Nairobi Mit to day follow-up with the 2 monitoring out and to a state responsible of the direct implementation base to take the project areas and shewill supervise most of the training and operation issues.
