5. MONITORING AND EVALUA	ATION (to be completed by	organization)					
(A) Describe how you will monitor, evaluate and report on your project activities and achievements, including the frequency of monitoring, methodology (site visits, observations, remote monitoring, external evaluation, etc.), and monitoring tools (reports,	ATION (to be completed by organization) The Cluster Support Officer (CSD) will report directly to the Cluster Coordinator in Nairobi. The Support Officer will further produce monthly reports to the GBV working group and inform on the cluster member's activities in Mogadishu and South Central. These reports will be validated by the cluster members to ensure accuracy and proper reporting. The cluster support officer will involve major stakeholders in the monitoring of activities in the field. The CSO will be responsible for developing or adapting remote monitoring and evaluation tools specifically to the Mogadishu/SC context. Joint monitoring missions coordinatede by the CSO will be conducted by cluster members.CSO will continuously update members activities in the field, including 3W matrix, capacity building initiatives, and planned protection activities/events. Best practices will be shared and recorded. Where possible, areas noted as hot spots especially for GBV will be mapped, using GPS, for targerted action. A final report will be shared with OCHA.							
statistics, photographs, etc.). Also describe how findings will be used to adapt the project implementation strategy. (maximum 1500 characters) * (B) Work Plan	action. A final report will be shared with OCHA. Timeframe
