3. Description Of Beneficiaries

The beneficeiaries will be IDPS and host community, people with special needs will be given high consideration, this includes pregnant and lactating women the elderly and children under five. in the same context the project will also advocate for who seeks protection.

4. Grant Request Justification.

The current CHF funding ends 31st December 2014 UNKEA runs nutrition programmes in 4 payams out of 8 and 5 health facilities in Nasir county, all funded by CHF. When the crises started on 15th December many National and international NGOs either scaled down or withdrew completely from Nasir County, The displacement of people due to the war is expected to increase the malnutrition rates for Children under five (Boys and girls) and pregnant and lactating women (PLW).UNKEA will therefore face a huge case load and as the only active humanitarian agency in Nasir County, UNKEA will face the reality of treating Children <5 with SAM and MAM and PLW coming from all over the county. This funding is requested to support UNKEA's accelerated response initiative (ARI) to reduce morbidity and mortality due to severe acute malnutrition in children under five, pregnant and lactating women among the vulnerable IDPs and host communities through provision of emergency therapeutic nutrition services in 2 existing (SCs) and 5 existing OTPs sites and 5 fixed outreach sites. At the same time, the fund will be used to conduct post harvest SMART survey for Nasir County baseline data, support the transportation of nutrition supplies, nutrition technical trainings, community level awareness campaigns, screening, treatment, prevention and management of acute malnutrition and IYCF and to maintain the current 8 OTP sites and 2 stabilization centers and 6 TSFP sites. And focus on a scale up to cover the whole county. The current payams covered include, Nasir, Jükmir, Kiechkon, Kuerengke, Mading, Maker, Dinkar and Roam payams. With UNKEA's 10 years presence and working experiences in Nasir County, there is a strong community's trust and support, acceptability and involvement making programs intervention cost effective and sustainable. Working with community nutrition volunteers has been an added value to the success of our programs. UNKEA has viable working retationship with tits partners such as WFP, CHD, Nutrition Cluster, UNICEF, SMoH, ADRA

5. Complementarity. Explain how the project will complement previous or ongoing projects/activities implemented by your organization.

LOGICAL FRAMEWORK

Overall project objective Provide life saving management of acute malnutrition and acess to intergrated preventive programms and enhence needs analysis

Logical Framework details for NUTRITION

Cluster objectives	Strategic Response Plan (SRP) objectives	Percentage of activities
2015 SS 3: Ensure enhanced needs analysis of the nutrition situation and enhanced monitoring and coordination of response	SO 2: Protect the rights of the most vulnerable people, including their freedom of movement	100

Outcome 1

Quality, life –saving, management of acute malnutrition for at least 60% SAM cases and 60% of MAM cases for boys and girls, pregnant and lactating women among IDPs and Host community in Nasir County.

Code	Description	Assumptions & Risks
Output 1.1	. Optimise community outreach and referrals for CMAM services	Mother will bring their children and Security will prevail

Indicators

M & R DETAILS

Monitoring & Reporting Plan:

Describe how you will monitor the implementation of each activity. Describe the tools you plan to use (checklist, photo, questionnaires, interviews, suggestion box etc.) in order to collect data and how you will store data. Explain the frequency type and protocol of reporting (how often do you report about what to whom?). State if, when and how you plan to evaluate your project.

Through previous operational experience in health and nutrition programs, UNKEA has strong knowledge in identifying and measuring appropriate indicators, in data collection and analysis, and in partnering with donors and other agencies to coordinate the dissemination of the information. UNKEA will ensure the prompt and accurate collection of information and compile the results for data analysis and program evaluation according to the goal, objectives, and indicators of the program. As start-up process a post harvest SMART survey and orientation planning workshop will be held in order to generate baseline data and ensure that all staffs understand the proposal and work plan well, to formulate individual staff work plans, which will tie performance to agree upon timelines for compiling monitoring information and reporting. This will ensure good data with which to measure progress against work plan during the intervention. The logical framework will provide the basis for monitoring the project indicators and the output indicators will be measured using program records and reports. The Health and Nutrition Advisor will be responsible for the overall planning, monitoring and reporting of activities as per the log frame and work plan. This will include regular visits to all sites in the Program monitoring of staff activities, compiling and analyzing program records, assessing external variables, tracking changes and making modifications to the program or work plan accordingly in order to ensure the attainment of objectives. He will coordinate the health and nutrition program, attend the nutrition and health cluster technical working groups and ensure that relevant information is factored into program implementation and share UNKEA's progress and statistical information and share UNKEA's progress are started into program implementation and share UNKEA's progress and statistical information with other agencies where appropriate. UNKEA will continue to build the operational capacity of project staffs in monitoring and r

7/2015		SSD-15/SA1/N/NGO/250-250-Proposal
OTHER INFORMATION		
Accountability to Affected Populations	vulnerable groups in the society be fully involved in the project im project management team provious the fundemental human rights. U data collection will include an info	Idren under five,boys and girls and pregnant and lactating women who are IDPs and the Host community. These are the most and in situations of crises like the current crises, they suffer most, the community was consulted in the project design and they will plementation. The network of mother to mother support groups and the Village Nutrition committees with the community and the des a strong avenue for feedback. The project will ensure women, boys and girls are treated with dignity, it will take into consideration NKEA has a good record of confidentiality, all information/data collected from the community will be treated with confidentiality, and ormed conscent. UNKEA has a good record of impartiality, this project will benefit all communities in the targeted area, and will ensure jardless of their affliations. UNKEA will collaborate with other aggencies such as PACT sudan, to ensure peace building projects are ect.
Implementation Plan: Describe for each activity how you plan to implement it and who is carrying out what.	TSFP sites to provide treatment recruit and train 30 community in children with severe complicatio teams. The nutrition team will we the community on better food an conducted jointly with the health results. Reports will be collected conducted with the participation create ownership and sustainab respective departments at the C will continue to documents its su	rition staff for scale up and will increase the number of OTPS from 5 to 8.UNKEA with support from WFP will also open six new to Children Under five with MAM and Pregnant and Lactating women with MAM in Nasir county. UNKEA with support from WFP will utrition Volunteers for the TSFP programme. The SCs and OTPs will be near the existing health Facilities to strengthen referral of ons to the next level of care. Immunization of children as well as deworming will be conducted jointly with the health and nutrition prk with, health, WASH and food security and livelihood team to conduct joint community campaigns to provide health education to a health practices to promote better health and prevent malnutrition. Immunization of children as well as deworming will be and nutrition teams. UNKEA will also provide refresher training to its nutrition staff and the CHD to improve on their skills for better and shared among the health and nutrition teams for harmonization to avoid duplication of results. The SMART survey will be of the health and Food security and Livelihood team to ensure interrelated factors to compound malnutrition are documented. To illity of the project, UNKEA will seek and foster effective collaboration coordination with line government ministries and their county level in addition to closely working with other non governments engaged in similar initiatives to share lessons learnt. UNKEA uccess stories and use to inform programming at all levels of the project management. This project will be delivered under the sion of the Health and Nutrition Advisor who will provides the overall project oversight at the direction of the Executive Director and er.
Coordination with other Organizations	Name of the organization	Areas/activities of collaboration and rationale
in project area	World food programme(WFP)	Targeted Supplementary Feeding Programme for the treatment of Modarae acute malnutrition Under five and pregnant and lactating Women, and will maintain the six TSFP sites, this will increase coverage. Colabratively with WFP, trainings will be conducted on the Management of CMAM.
	2. Medicine Sans Frontiers (MSF-H)	With the current Memorandum of understanding, UNKEA and MSF-H will continue to equip the stabilisation centers in Mandeng and Jikmir and will continue to strenghten the capacity of the staff through on job trainings(OJTS)
	3. County Health Department (CHD)	The CHD will provide support to UNKEA to ensure smooth implementation of the project, the CHD will be part of the project monitoring and evaluation team.
	4. UNICEF	UNICEF is a major partner to UNKEA,it has continued to support the population of Nasir County through the provision of Ready to use therapeutic foods(RUTFs) and other equipments. With the current PCA UNKEA and UNICEF will continue to colaborate in the areas of supplies provision and nutrition assessments/Surveys.
Environmental Marker Code	A: Neutral Impact on environmen	nt with No mitigation
Gender Marker Code	1-The project is designed to con	ntribute in some limited way to gender equality
Justify Chosen Gender Marker Code		at has euqal effect on Women,Men,boys and girls,although,PLW and the under five are the most vulnerable group,UNKEA still nutrition service provision,as UNKEA keeps the focus on implementing the CMAM package,including,TSFP,BSFP and GFD.
Protection Mainstreaming		e located near Armed settlements, the enviroment will be kept clean, latrines will be labled Female and Male, the beneficiaries will be ly. Informed conscent will be required in any data collection and all information gathered will be treated with confidentiality.
Safety and Security		not be used for security purposes. The beneficiaries and staff will be trained on hove to avoide insecure places and how to pt clean and all risk areas will be notified.

BUDGET

Access

1 Staff and Other Personnel Costs (please itemize costs of staff, consultants and other personnel to be recruited directly by the implementing partner for project implementation)

UNKEA will expand its coverage through out reach programmes in order to reach the hard to reach. It intends to start mobile OTPs to reach the furthest placess. All people in need will be granted acess to the services
