##### Overall Progress

On December 28, 2022, a one-day kickoff workshop for the "Assessment of the Adverse Impact of the Triple Crisis (Food, Energy, and Financial) on Food Insecurity, Drivers of Migration and Livelihood Impoverishment of the Resident Population, Internally Displaced Persons, and Host Communities in Sudan and its Sustainable Development Goal (SDG) Roadmap" was held by International Advisory, Products and Systems (i-APS) and the United Nations Development Program (Kassala, North Darfur, and South Kordofan are the targeted states).

The workshop was held at the Grand Hotel in Khartoum with the goal of introducing a few key stakeholders to the study, its overarching goal, and the suggested research technique. It also sought participant input and feedback to enhance and improve the approach.

The inception workshop report has been produced and shared with the UN agencies for comments and feed-back before sharing the report with the government counterpart.

Improved national partners' capacity to develop evidence-based programming strategies and policies in response to the triple crisis [food, energy & finance] and the resulting food insecurity, livelihood impoverishment and adverse drivers of mobility and migration based on the availability of a timely, reliable, and actionable data and recommendations.

The key technical government staff attended the workshop and brainstorm about the method and tools to improved national partners' and build their capacity to develop evidence-based programming strategies and policies in response to the triple crisis [food, energy & finance] through this ongoing project. and the outcome of the workshop resulted in actionable data and recommendation to conduct the field survey on food insecurity, livelihood, Migration and financial implication on the Tribble crisis.

#### **SDG Acceleration progress towards the SDGs, focusing on the main SDG targets**

the field survey will provide data on SDGs 1, 5, 7, 8 and 10. the data will show the weakness on the targeted SDGs and how to enhance and help the polices makers to fill the gap and address the issues at the government priorities SDGs implementation plan.

#### **Constraints that were encountered and any adjustments that were made to strengthen the relevance and effectiveness of the JP and the coherence and coordination of UN system support.**

one of selected state has security access, due to increase of community violence (tribals). to safety of the staff to collect data and have access to the location. the AFPs agreed on an alternative state beside South Kordofan. The agencies agree on White Nile State due to the security situation in South Kordofan.

#### **Next steps, scaling and sustainability [up to half a page]**

To ensure that no one is left behind, the assessment will pay particular attention to the most vulnerable groups, such as small-scale farmers, mobile populations (such as IDPs, returnees, and foreign nationals in precarious situations), and their host communities. the outcome of the assessment will inform policies makers and UN agencies to develop humanitarian and development projects.
