The PBF Secretariat consistently oversees the coordination of PBF-funded initiatives, from the development of new projects to the monitoring of ongoing implementations, while maintaining communication with the PBSO New York Headquarters. Its primary focus is to guarantee that all projects contribute to addressing social concerns, advancing equality, and promoting awareness of significant causes. Notably, the ongoing projects center on women, youth, and advocacy efforts, all viewed through a peacebuilding perspective.

PART II: RESULT PROGRESS BY PROJECT OUTCOME

Describe overall progress under each Outcome made during the reporting period (for June reports: January-June; for November reports: January-November; for final reports: full project duration). Do not list individual activities. If the project is starting to make/has made a difference at the outcome level, provide specific evidence for the progress (quantitative and qualitative) and explain how it impacts the broader political and peacebuilding context.

- "On track" refers to the timely completion of outputs as indicated in the workplan.
- "On track with peacebuilding results" refers to higher-level changes in the conflict or peace factors that the project is meant to contribute to. These effects are more likely in mature projects than in newer ones.

The PBF Secretariat organized monthly meetings involving project teams. In March 2023, a two-day workshop was conducted at the Royal Hotel by the PBF Secretariat, bringing together recipient organizations to address issues related to M&E practices and assist project teams in drafting progress reports. The primary goal of the workshop was to enhance the planning, design, and execution skills for effective PBF projects. Twenty-three participants from UNCT and Civil Society Organizations attended the workshop.

Prior to the reporting period in June 2023, individual meetings were held with each team, providing technical support on reporting requirements. The Secretariat has actively assisted PBF funded projects by reviewing and revising all drafted annual reports. Final versions are expected for approval and upload on the MPTFO Gateway by November 15, 2023.

During the PRF project identification process, the PBF Secretariat, in collaboration with PBSO Colleagues, reviewed seven project synopses. Currently, two retained projects are being redefined in their concept notes before submission to the RC and PBSO. One project is progressing towards the development of the full project document, while another is still refining the concept note.

The Secretariat played a key role in supporting the 2023 GYPI process, facilitating discussions and refinement of inception ideas for projects from UNCT. Guidance and support were provided to finalize project ideas, which were then shared with PBSO for assessment. Following the review of submitted synopses, one proposal was approved, and both its concept note, and full project document were developed and sent to PBSO for the final signature.

The monitoring of projects was done progressively, where the PBF Secretariat went on field and visited activities performed by the CDOOC Project and Human Right Project.

Indicate any additional analysis on how Gender Equality and Women's Empowerment and/or Youth Inclusion and Responsiveness has been ensured under this Outcome

Please limit your response to 3000 characters including spaces.

This is not a substantive project. However, the Secretariat recurrently advise all current projects on implementation, on how to capitalize gender impacts, and the need to gather disaggregated data for project monitoring and evaluation purposes. And also supported the project teams to define projects that invest, at least, 30% of the budget on GEWE.

Progress summary

The PBF Secretariat has actively engaged in a range of activities, particularly in the initial stages of project implementation. Their involvement spans the request and facilitation of crucial project management tools, including annual workplans and M&E plans. Moreover, they have extended their support to project teams in the development of essential instruments required for the baseline study.

In addition to their instrumental role in project initiation, the Secretariat has taken the initiative to organize regular monitoring and coordination meetings for the various projects. The primary goal of these gatherings is to foster collaboration and synergy among team members, ensuring a cohesive and streamlined approach to project execution.

Recognizing the significance of communication and visibility, the PBF Secretariat has gone the extra mile by procuring and aiding PBF-funded projects in crafting communication-related materials. Their overarching objective is to effectively articulate and disseminate comprehensive information regarding the projects' work and accomplishments to key stakeholders, including the UNCT, project partners, and local stakeholders. This strategic practice has markedly heightened the UNCT's comprehension of the PBF's impact on the country's peacebuilding endeavours.

To bolster visibility at the project level and facilitate a harmonized joint implementation, the Secretariat has meticulously developed basic visibility materials for each project based on the PBF visibility guidance note.

Noteworthy developments in 2022 include the Cost Extension granted to two projects, namely "Political Stabilization Phase 1" and "CDTOC Phase 1." Furthermore, both of these projects have successfully submitted their Final Evaluation Reports in 2023, which underwent thorough review by both the PBF and PBSO.

Demonstrating a commitment to timeliness and efficiency, the Secretariat has played a pivotal role in ensuring that all reports from PBF-funded projects are produced, reviewed, and submitted within the stipulated timelines. This proactive approach underscores the Secretariat's dedication to maintaining a transparent and accountable project management process.

The PBF funded projects' accomplishments are communicated and shared via the official websites of respective agencies. This involves the comprehensive distribution and presentation of the project's successes, milestones, and noteworthy outcomes through the online platforms maintained by the responsible organizations.

Indicate any additional analysis on how Gender Equality and Women's Empowerment and/or Youth Inclusion and Responsiveness has been ensured under this Outcome

Please limit your response to 3000 characters including spaces.

The PBF Secretariat is not a substantive project. It focused on offering technical guidance. This guidance involved advising the projects on the importance of utilizing disaggregated data in all reports generated throughout the project's duration. Furthermore, the guidance also included instructions on how to assess and incorporate gender impacts into the project's activities.
