Part C) Justification

The participating UN organizations (IOM, WHO, and UNDRR) request a three-month No-Cost Extension (NCE) for the Joint Programme, as the current project period (11 January 2024 – 3 January 2026) is proposed to be extended until 3 April 2026. All planned activities remain on track for completion within the current implementation period, by 31 December 2025. The additional three months will be used exclusively for the conduct of the final external evaluation, which will be administered by IOM as the Convening Agent. Under IOM's projected management structure, an evaluation must be finalized within the formal project term. This request does not entail any additional budget or activities but is

required to ensure compliance with institutional procedures and full alignment with the operational guidance of the MMPTF Fund Management Unit (FMU).
