3.3. Expenditures Reported by Category

Project expenditures are incurred and monitored by each Participating Organization and are reported as per the agreed categories for inter-agency harmonized reporting. In 2006 the UN Development Group (UNDG) established six categories against which UN entities must report inter-agency project expenditures. Effective 1 January 2012, the UN Chief Executives Board (CEB) modified these categories as a result of IPSAS adoption to comprise eight categories.

Table 3.3. Expenditure by UNSDG Budget Category, as of 31 December 2025 (in US Dollars)

1 Indirect Support Costs charged by Participating Organization, based on their financial regulations, can be deducted upfront or at a later stage during implementation. The percentage may therefore appear to exceed the 7% agreed upon for on-going projects. Once projects is financially closed, this number is not to exceed 7%.

4. COST RECOVERY

Cost recovery policies for the Fund are guided by the applicable provisions of the Terms of Reference, the MOU concluded between the Administrative Agent and Participating Organizations, and the SAAs concluded between the Administrative Agent and Contributors, based on rates approved by UNDG.

The policies in place, as of 31 December 2025, were as follows:

- **The Administrative Agent (AA) fee:** 1% is charged at the time of the contributor deposit and covers services provided on that contribution for the entire duration of the Fund. Cumulatively, as of 31 December 2025, US\$ **958,791** has been charged in AA fees.
- **Indirect Costs of Participating Organizations:** A general cost that cannot be directly related to any particular programme or activity of the Participating Organizations. Participating Organizations may charge 7% indirect costs based on UNSDG policy, establishing an indirect cost rate as a percentage of the programmable costs for interagency pass-through pool funds. In the current reporting period US\$ **25,224** was deducted in indirect costs by Participating Organizations. Cumulatively, indirect costs amount to US\$ **6,005,867** as of 31 December **2025**.

6. DIRECT COSTS

The Fund governance mechanism may approve an allocation to a Participating Organization to cover costs associated with Fund coordination covering overall coordination, and fund level reviews and evaluations. These allocations are referred to as 'direct costs'. Cumulatively, as of 31 December 2025, US\$ 885,900 has been charged as Direct Costs.

5. ACCOUNTABILITY AND TRANSPARENCY

In order to effectively provide fund administration services and facilitate monitoring and reporting to the UN system and its partners, the MPTF Office has developed a public website, the MPTF Office Gateway (<https://mptf.undp.org>). Refreshed daily from an internal enterprise resource planning system, the MPTF Office Gateway has become a standard setter for providing transparent and accountable trust fund administration services.

The Gateway provides financial information including: contributor commitments and deposits, approved programme budgets, transfers to and expenditures reported by Participating Organizations, interest income and other expenses. In addition, the Gateway provides an overview of the MPTF Office portfolio and extensive information on individual Funds, including their purpose, governance structure and key documents. By providing easy access to the growing number of narrative and financial reports, as well as related project documents, the Gateway collects and preserves important institutional knowledge and facilitates knowledge sharing and management among UN Organizations and their development partners, thereby contributing to UN coherence and development effectiveness.
