**I. Reason for changes to the project and justification**

The PBF Secretariat is present on the ground to provide technical support to the PBF Executive Committee on its oversight role. The PBF Secretariat supports Recipient Organizations in the development of projects and oversees their implementation as well as the engagement of the PBF and the PBC in the country.

Currently the PBF Secretariat is supporting the UNRO in technically reviewing the project proposals recently approved by the Executive Committee to streamline them with the peace-building perspective and ensuring coherence of projects under the same outcome, as well as in preparing the submission documents for funds allocations. The Secretariat is also guiding the UNRO in finalizing the next tier of concept notes/projects that will be approved in the next session of the Executive Committee.

Given that the new project that will enable the Secretariat through the new PPP implementation is not yet designed and provided that there is still a fund balance in the current project, this second no-cost extension is submitted to allow the continuation of the activities of the PBF Secretariat. The new project will be finalized once the Peace Building Specialist, Coordinator of the Secretariat is on board to ensure that he/she participates in the configuration of the new project.

**II. Budget impact**

Since it is a no-cost extension there is no impact on the budget.

## I. Reason for changes to the project and justification

**Nature of change and justification:** *This section outlines the nature of the revision being sought and the justification for the change.*

There is still no substantive change in the activities. The PBF Secretariat will continue to support the Executive Committee in its oversight role of the PBF operation in the country in accordance with the approved project document for an extended period of two months until the new project is approved.

## II. Budget impact
