## I. Reason for changes to the project and justification

- a) **Nature of change and justification:** *This section outlines the nature of the revision being sought and the justification for the change.*

The project was launched in May 2016 and despite all the political and institutional instability encountered during the past year, the project made efforts to accelerate its implementation. However, during the annual review, in December 2016, the Ministry of Justice and key implementing partners acknowledged that it will be extremely difficult to have 100% of expenditure by December 2017. Therefore, we are hereby requesting a no-cost extension of the PBF grant to UNICEF until December 2018.

The approved budget is being modified in categories 2 (Supplies, Commodities, Materials), 4 (Contractual services), 5 (Travel) and 6 (Transfers and Grants to Counterparts), as per table below. These changes are due to the fact that instead of government counterparts overseeing the refurbishment and construction of registration installations directly, UNICEF will assume the responsibility for overseeing planned renovations directly. This change of oversight and management responsibility implies moving some other costs from one category to another to enable proper UNICEF oversight. However, the overall amounts do not change and sums remain in conformity with the approved work plan. UNICEF has ample experience overseeing such refurbishments as it is engaged in school constructions and refurbishments work in various locations throughout Guinea-Bissau.

## II. Budget impact

- a) **Budget revision:**
