The *Journal of Management Education* is a peer-reviewed journal that publishes research, theory, and practice in the field of management education. The journal is published by the American Management Education Association (AMEA) and is available online through the journal's website. The journal's content is organized into several sections, including:

- Articles:** This section contains the majority of the journal's content, including research articles, review articles, and practice articles. Articles are typically 10-15 pages in length and are written by scholars and practitioners in the field of management education.
- Book Reviews:** This section contains reviews of books published in the field of management education. Reviews are typically 2-3 pages in length and are written by scholars and practitioners in the field.
- Columns:** The journal features several columns, including:
 - Editorial:** This column contains the journal's editorial board's commentary on current issues in management education.
 - Forum:** This column contains commentary on current issues in management education by scholars and practitioners in the field.
 - Research Note:** This column contains short research articles that provide new insights into management education.
 - Practice Note:** This column contains short articles that provide practical advice for management educators.

The *Journal of Management Education* is a valuable resource for scholars and practitioners in the field of management education. The journal's content is organized into several sections, including:

- Articles:** This section contains the majority of the journal's content, including research articles, review articles, and practice articles. Articles are typically 10-15 pages in length and are written by scholars and practitioners in the field of management education.
