## Gender

The 2012-16 House of the People only had 14% women representation. In a historic achievement during the 2016 electoral process, Somali women secured 25% representation in the 10th Federal Parliament. This marked 71% increase from the previous 14% representation. The achievement was the result of sustained efforts by women's rights advocates over a period of two years; starting with consultations towards the National Consultative Forum in 2015 and ending with the inauguration of the new Parliament in February 2017. This process was continuously supported by the Project.

In order to ensure that the increase of women in Parliament translated into results for all women in Somalia, the Project continued to support the empowerment of female MPs to address women's concerns. As outlined above, this also included contributing to an enabling environment - especially in terms of legislation and the national budget - that is conducive to addressing the marginalization of women. The project thus provided support to making parliaments inclusive in nature and in process and offered support for mainstreaming and the engagement of target groups—including women—and to better engage women MPs in specific activities. It also supported capacity development for review with a gender-sensitive perspective.

Respective activity results include, among others:

- the capacity of 1,082 (M: 832 W: 250) MPs to review legislation with a gender perspective and enact gender responsive laws was enhanced
- 445 women MPs and staff were provided with training based on the unique challenges they are facing, including gender sensitive budgeting, legislative analysis, research, and drafting of amendments, which significantly contributed to enhanced skills of Somali women MPs to effectively discharge their mandates
- 5 women Young Graduates were supported through the Project, who significantly contributed to the functioning of Somali Parliaments and ensured the delivery of core functions by being driving forces to the implementation of the day to day tasks of the parliaments
- The NFP Women's Parliamentary Forum (WFP) was supported to debate ways of participating in the review process of the Provisional Constitution of Somalia to ensure it focuses on women's rights, gender issues and quotas for women MPs
- the first Annual Somali Women Parliamentarian Conference was held in 2017, which brought together 129 Women MPs from both Houses of the NFP, the State Assemblies, and civil society members and resulted in the identification of key priorities for women within the context of the NDP
- 2017, MPs and Parliamentary staff from both Federal and State parliaments attended a "Transformative Leadership for Results" training with the aim of enhancing their leadership skills to transform Somali organizations and institutions, and to promote gender responsive legal and policy reforms. The training increased the ability of MPs and Senators to promote gender responsive reforms and looked at how to strategically address the underlying social causes of gender inequality and identify sustainable "breakthrough initiatives" that can lead to change in the area.
- In Jubbaland, a Gender Advisor was recruited in 2017, who provided advice to the HoR, enhanced the capacity of secretariat staff and provided a two-day gender training for six parliamentary interns.

<p><b>Support to Drought Response</b></p> <p>With the support of the project, in 2016, Guurti House conducted an oversight mission to the ongoing expansion project of Hargeisa Water Supply funded by The European Union, Somaliland Development Fund, UN-HABITAT and the Government of Somaliland. The project aims to install new 23 km long water supply pipeline from Geed Deeble to Hargeisa in order to increase the capital's water supply system.</p> <p>Two (2) Parliamentary committees of Somaliland House of Elders (Guurti) and House of Representatives 16 MPs and 2 staff from the secretariat visited Awdal and Togdheer Regions of Somaliland in 2017-Q3. The aim of the mission was to provide oversight on the drought emergency response and distribution of aid in the regions. The committees also assessed the current response and recovery situation in the regions and the ongoing efforts to halt the outbreak of diarrhea. The committee met with the communities greatly affected by the drought in urban and rural areas. They also visited the regional governor, regional directors, officials from the Drought Response Committee and the health officials of the region. The committees are expected to present their findings during the coming session of the House of Elders (Guurti) and House of Representatives. Among their findings are: Kiridh District, hosted 521 displaced families with limited water access; Wadaamo Goo District, was hosted 1400 displaced families, no health post; Ainabo District, hosted 2,030 displaced families, shortage in water and nutrition and Oog District 1,050 IDP Families with limited access to water.</p> <p>As a result of the outreach support provided by the Project, the media coverage of the drought has improved significantly, and different sectors of the community started to provide water trucking and food donations to the drought effected community.</p>	
<p><b>Communications &amp; Visibility</b></p> <p>In accordance with donor guidelines, the project developed a communications and visibility plan for information sharing and visibility of project activities. As a result, significant improvements have been made in terms of sharing information with beneficiaries, donors and other stakeholders.</p> <p><b>Articles</b> related to accomplished activities of the Constitution Review Support Project have been regularly published in monthly project newsletters, the UNDP CO website (<a href="http://www.so.undp.org">www.so.undp.org</a>), and social media platforms (Facebook – <a href="https://www.facebook.com/undpsom">www.facebook.com/undpsom</a> - and Twitter – <a href="https://www.twitter.com/undpsomalia">www.twitter.com/undpsomalia</a>). Furthermore, <b>Project Reports and the Project Document</b> have been made available on the UNDP CO website (<a href="http://www.so.undp.org/content/somalia/en/home/operations/projects/poverty_reduction/parliament-support-project.html">http://www.so.undp.org/content/somalia/en/home/operations/projects/poverty_reduction/parliament-support-project.html</a>)</p>	

## SOMALIA UN MPTF

As mentioned above, the Project significantly supported the development and launch of the **several Assembly websites** which serve as both an important communication and information platform for their work and include several social media features. Through the websites, visibility and transparency of parliamentary work will be enhanced significantly.

[www.galmudugparliament.com](http://www.galmudugparliament.com) (Galdmudug)

[www.jubbalandstateassembly.so](http://www.jubbalandstateassembly.so) (Jubaland)

UNDP staff ensured regular interaction with national counterparts in addition to the deployment of national staff within the premises of Parliaments and regional assemblies to ensure timely and continuous communication.

### Looking Ahead

While substantial progress was made under difficult conditions, there is still clearly more efforts that is needed to enable the country's legislatures to function effectively and sustainably. Experience in conflict-affected countries consistently shows that state building and institution-building is a long-term process.

The Project will thus enter its second Phase in 2018 (Phase II of Parliamentary Support Project Document (2018 – 2021). This phase of support is based on the recommendations of the independent evaluations made by UNDP and EU, among them the need to promote the developmental role of the parliament so that it contributes to achievement of the National Development Plan in line with the Sustainable Development Goals.

The Project will focus on the four key pillars of democratic governance that play an important role in the development of Somalia's Inclusive Politics – National Federal Parliaments, State and Regional Parliaments and Civil Society, – through an integrated approach that is in line with a fourth component, of achieving progress towards SDG 16 in Somalia. Phase II of the Project will notably support linking the parliaments and civil society organizations – not only NGOs – but also universities, professional organizations and community-based organizations.

While some limitations encountered in Phase I were primarily due to funding constraints, other limitations are related to staff needs for ongoing capacity development. As the micro-capacity assessment has shown, the situation in the emerging regional assemblies is more critical – some have no staff at all, relying instead on a few volunteers. Over the coming four years they will need to build their basic capacities in order to be enabled to effectively become part of Somalia's federal framework.

### ANNEX 1. RISK MANAGEMENT

Type of Risk <sup>3</sup>	Description of Risk	Mitigating Measures
Environmental Security	Outbreak of violence or serious deterioration of the security environment in Somalia.	Programme team (in close cooperation with UN MISSION and UNCT) adjusts programme activities to changes in the security situation. The project uses a regionally balanced strategy, which focuses on more equal support to all three legislatures (Federal, Puntland and Somaliland). To implement programme activities if disrupted or if there is possible destruction of security in the project sites. Hence, the project uses approach to provide identical support to project counterparts.
Environmental Security	Terrorist activities force UN / UNDP to significantly reduce its activities.	UNDP has reduced movement of staff between MIA and UNCC, and reallocated Programme and Operation staff to MIA. As a result of this operational challenge, project has sought alternative venues to conduct the trainings. Mitigation measures have been taken by UN in Mogadishu and Garowe, such as flexible work arrangements for national staff.
Operational Organizational	Significant shortfall in resource mobilization from bilateral partners	There is funding gap implementation of project activities for 2017. The project continues its resource mobilization efforts to decrease this gap. There is board meeting scheduled to happen on 3 <sup>rd</sup> April 2017 by the project with counterparts to strengthening of relationships. It was approved a six -month extension for the Project to support the incoming parliament to familiarize themselves with good parliamentary practices and procedures at the beginning of their legislative term.
Operational Organizational	Insufficient involvement of key stakeholders in defining and steering programme implementation	Open, consultative programme planning and development approach; close coordination with key counterparts in each region including project board meetings and endorsements of AWP by parliamentary counterparts; inclusion of senior stakeholder representatives on Programme Board. Risk Mitigation plans for implementation of LoAs developed and agreed with counterparts.
Environmental Political	Serious deterioration in relations between UNDP Somalia and the NFP or Government	Maintenance of respectful, collaborative approach and transparency.
Security Organizational	National partners are targeted because of collaboration with UN generally or UNDP specifically	Reduce exposure through low-profile approach in sensitive areas.
Operational Organizational	Low absorption capacity among counter-parts – slower process of capacity building than expected aligned with	Regular revisions of implementation progress and aligning expected timing to current conditions of staff and infrastructure within each institution. Conduct assessment of parliaments' administrative capacity;

<sup>3</sup> Environmental; Financial; Operational; Organizational; Political; Regulatory; Security; Strategic; Other.

	ongoing high expectations	include capacity development and risk mitigation measures.
Environmental Political	Political conflicts between key state institutions or within Parliament hamper its ability to function as a legislative body	UNSOM / international community to conduct conflict mediation.
Environmental Political	Predominantly male members of parliament fail to adopt gender-sensitive legislation	Project includes activities such as workshops to familiarize MPs to gender-sensitive legislation and gender-sensitive budgeting aimed at increasing their knowledge toward concept of gender sensitive and importance of analyzing the impact of the national budget on women. Project also promotes activities to increase number of female MPs and empowerment of current female MPs.
Environmental Political	Gender activities are sometimes seen as being imposed by UNDP on parliaments.	The project works closely with MPs, both males and females, who are gender-sensitive and will champion gender-related activities within the parliaments. More specifically, the project enhances the skills of Somali Women Members of Parliament to effectively execute their core functions and responsibilities as Members of Parliament and how to lobby and advocate for women rights in parliament.
Environmental Organizational	Trained parliamentary staff leave institution for better paid positions	Apart from staff training, the project focuses on institution building including organizational reform, preparation of guidelines and SoPs, which shall make the parliaments resilient to staff turn-over.
Political	Postponement of parliamentary elections in Somaliland may lead to lower levels of accountability and higher levels of mistrust in the public perception of MPs.	Through regional / constituency offices and other activities, the Project attempts to strengthen the linkages between citizens and Parliament to make the institution more accountable to citizens' demands.
Social and Environmental risks	Duty-bearers do not have the capacity to meet their obligations in the Project	The project is providing capacity development activities to all duty bearers, as they are the core of the project activities and goals. These initiatives are contributing to the project's goal to enhance operational and technical capacity of the duty bearers.
	Rights-holders do not have the capacity to claim their rights	The project includes capacity-building activities in promoting the right holders to have the skills and knowledge to advocate for their rights and carry out awareness campaigns, MPs outreach to their constituents' support and claim their rights.
	The proposed Project would have adverse impacts on gender equality and/or the situation of women and girls	Project ensures that gender is mainstreamed across all of its activities. Special considerations are given to female MPs. UNDP is supporting and facilitating the establishment of gender focal points in the NFP and other regional parliaments, in addition to the establishment of a coordination mechanism between these gender focal points, on a no-cost basis.

Project Board Meeting- Mogadishu	04 April 2017	Participated by NFP, UNDP and donors. The objective of the meeting was discuss progress and achievements that UNDP and parliaments made during this reporting period, seek guidance over challenges encountered during the period under consideration, discuss activities and achievements of 2017, and approval of AWP from Jan-Jun 2017.	Both houses requested to be supported in line with the strategic plan of the parliament. House of the People suggested the move from caucuses to association with the focus of training Youth and Women MPs, and that all partners come up with a coherent approach in terms of support provided to the parliament (comprehensive mapping). Agreement on AWP revision to reduce the funding gap and enhance efforts for resource mobilization. Extension of the project period for three months from 01 Apr 2017 to 30 Jun 2017 approved. Project board members welcomed the decision for approval of 2017 Annual Work Plan for 6 months from Jan-Jun 2017.
Consultative Meeting on Parliamentary Support	18 May 2017	The purpose of the meetings was to brief and consult with the donors and other stake holders on: Strategic Plan and legislative priorities of NFP, support to legislative institutions in Somalia for the coming four years	NFP acknowledged the wide-ranging UN/donor support that enabled the 9th Parliament to achieve a lot, while government appeared more focused/interested in security matters and political processes, i.e., state formation and electoral processes. NFP confirmed that the UNDP parliamentary support project document is aligned with the Parliament strategy and endorsed by the leadership of the House of the People as well as the Upper House. No direct commitment/pledges made by the donors who participated during the meeting
Joint Consultative Meeting of Somali Federal & State Parliaments -Mogadishu	19-21, August 2017	Participants: NFP, State Assemblies of Galmudug, Hirshabelle, Jubaland, Puntland and South West. The objective was to discuss federalism, bicameralism and support needed to strengthen the coordination and cooperation between Somali legislative institutions	<b>Way forward and agreed Action Points</b> Establishment of Speaker's forum to meet at least twice every year at a venue mutually agreed upon. Institutionalization of the coordination and collaboration among the legislative bodies has been agreed through signing of memorandum of understanding and establishment of Speaker's Forum. Cooperation between NFP and State Assemblies to promote federalism. Need for timely finalization of the constitutional review process. Coordinating among committees of federal and state legislative bodies
Third Party Monitoring- Baidoa	10 & 18 July 2017	The iDC monitor conducted two interviews with: Speaker of South West State Assembly, Admin and Finance Consultant Objective: verify whether project supported activities are completed in line with SWSA Annual Work Plan 2017	<ul style="list-style-type: none"> <li>• Construction of the secretariat building was completed to a high standard and has benefited the Parliament staff and their productivity levels improved</li> <li>• ICT equipment and furniture provided by the project were delivered as expected and have contributed to the increased efficiency of Parliamentarians' work.</li> <li>• Individual work plans should be developed, as this is the best way to measure the effectiveness of consultants and to keep them accountable</li> <li>• Contracts for local advisors should be continued to support SWSA to assist Parliamentarians</li> </ul>

## SOMALIA UN MPTF

Third Party Monitoring- Kismayo	15-17 July 2017	Objectives: assess the performance of the local advisors (LAs) engaged under PSP to support the Jubaland Parliament; verify that physical structures developed for Parliament have improved the level of security; verify if communication and outreach strategies had been supported through the development of a website for JSA.	<ul style="list-style-type: none"> <li>• The two project supported consultants, and their supervisor were positive about the work that had been completed, and that there is a need for this work to continue.</li> <li>• The security upgrades have yet to be completed; however, the work completed is satisfactory. TPM team agreed with the suggestions made by the SG for the JSA fence to be rehabilitated or replaced, and that security cameras are installed.</li> <li>• The website construction has been completed successfully. ICT training was recommended to ensure the website is used effectively and also recommended the recruitment of a full-time IT/website developer to maintain the website.</li> </ul>
Third Party Monitoring- Mogadishu	2-4 July 2017	Objectives: assess the performance of the local advisors (LA) or consultants engaged by PSP to support the NFP; verify and assess the establishment and work of the Upper House; to verify the delivery of ICT equipment and power generators.	<ul style="list-style-type: none"> <li>• The consultants delivered their expected outputs and their work and this was highly appreciated by the Speaker. The advisors had some issues with payment and a lack of official office space to work in. Furthermore, there were issues of security and an inability to complete work within the planned timeframe. The TPM team suggested that contracts of national technical consultants should be reviewed by the Secretary General and be renewed for continuation of support to NFP.</li> <li>• The Upper House has been established and is in operation. The TPM team seconded the recommendations of the Secretary General that UNDP facilitate training in administration, finance and ICT for Upper House staff and, if possible, assist in payment of salaries of UH staff</li> <li>• The delivery of ICT equipment and generators has assisted the work of the parliamentarians. TPM team agreed with the recommendations of the ICT Director and SG, that trainings should be planned for proper use of the equipment.</li> </ul>
Third Party Monitoring- Somaliland	27 -31 August 2017	Objectives: assess the performance of the local advisors (LAs), graduate interns (GIs), and Parliamentary Library Staff (PLS) engaged by PSP to support the Parliament of Somaliland to: evaluate the effectiveness of the intern programme in both the HoE and HoR; and to verify the procurement of new computers and the re-stocking of books in the Parliamentary Library.	<ul style="list-style-type: none"> <li>• The legal advisor delivered his expected outputs and his work was highly appreciated by the parliament. The progress of the LAs, and the potential impact of the Graduates Interns (GIs, was cited as being hindered by a lack of access to an electronic documentation system. The establishment of, and comprehensive training on, such a system may improve productivity and accountability in Parliament.</li> </ul>
